Cubberley Senior High School
Palo Alto, California

DEDICATION

At Cubberley, the principal is the primary symbol of leadership and authority. We have been fortunate in that our two principals have been friendly, enthusiastic people whose capabilities have earned them respect.

Our past is admirably represented by Dr. James Laurits, who served as Cubberley's principal for the school's first six years. Cubberley was newly built when he accepted the responsibility of being principal. Over the years Cubberley grew and developed with the help of his patience and sincere effort. Although he is no longer principal, we shall never forget his excellent leadership.

Continuing in the spirit of imaginative experimentation, our new principal, Dr. Andrew C. Stevens, promises to be an active influence on Cubberley. The present and future of Cubberley students are represented by Dr. Stevens, whose excellent leadership indicates a successful future for Cubberley.

Looking into the past with appreciation and into the future with anticipation we wish to dedicate the 1963 TOTEM to:

Dr. James Laurits
and
Dr. Andrew C. Stevens

PRINCIPAL'S MESSAGE

Cubberley and the Palo Alto School District had a new administrative team for the 1962-63 school year. Pictured here with me are Harold Santee, Superintendent, Arthur Olson, Assistant Superintendent, and Robert Shutes, Director of Secondary Curriculum.

The TOTEM reminds us of events, activities, and people who were part of our lives during 1962-63. There is something about Cubberley which is difficult to describe, but you can feel it and be reminded of it as you turn the pages of this yearbook. It is the leadership of the senior class with their determination to make democracy work; it is the enthusiasm and drive of the juniors who want to surpass the seniors; it is the hope and anticipation of the sophomores who say, "Move over, we can't be stopped." Put this all together and you have a school of high academic and specialized achievement, dynamic and constructive activities, with a vibrant purpose about life.

The past is now recorded here. Take out of it those things which make your life worthwhile; learn from your experiences and build your future upon those values which lift mankind to the fulfillment of his greatest ideals.

Andrew C. Stevens

ACADEMIC LIFE

In the past, teachers used strict disciplinary methods to force their students to study their lessons; Cubberley's understanding methods of teaching, however, promise a future of devoted love of learning.

Mr. Horace Anderson, Dr. Karl Spangenberg, Dr. Harold Santee, Mrs. Cordelia Bishop, Mrs. Lois Hopper. Missing: Dr. Bernard Oliver.

BOARD OF EDUCATION

Cubberley Senior High is just one of the twenty-nine schools, both elementary and secondary, whose 15,000 students and 750 staff members compose the Palo Alto Unified School District. Our school district is run on a yearly budget of eight million dollars, money received from property taxes, the federal government and the California State Government. That eight million dollars must be spread over a wide area: from light bills to the employment checks of about 300 maintenance men and custodians.

Controlling this intricate educational machine is the Palo Alto Board of Education: five citizens elected by the voters to serve for five years without pay. The Board, whose duties are set by the state legislature, has the responsibility of determining school policies and of selecting the school district's superintendent. The superintendent is in charge of administering these policies through his central office staff and the staffs of the individual schools.

The present Board members—including Mrs. Cordelia Bishop, Dr. Bernard Oliver, Mrs. Lois Hopper, Dr. Karl Spangenberg, and Mr. Horace Anderson—hold bi-monthly meetings at the Board Office on Churchill Avenue. This Board has done a great deal to stimulate people to improve the entire school program. The impetus for such improvement came when Russia sent up its first sputnik and the American public realized the necessity for re-examining and intensifying the educational program.

The Palo Alto School District has, for many years, been recognized as a leader in the field of education. Today we look forward to the building of new schools such as Henry M. Gunn Senior High School, and to the use of new teaching techniques and facilities such as teaching machines and laboratories.

EXPERIMENTAL PROGRAMS

BSCS . . . Biological Sciences Curriculum Study . . . The Blue Version Biology (physiological biology) is an evolutionary and genetic approach to the study of simple organisms which lie beyond the limit of man's vision. Since all organisms have the same problems of survival, if we come to a better understanding of the basic functions of all plants and animals and their unique answer to this problem, we can relate these answers to more complex forms of life. This, basically, is the purpose of BSCS Biology.

CHEM . . . Chemical Education Material Study . . . A group of educators in 1959, interested in revising and revitalizing the high school chemistry course, began what later became CHEM Study. This new course is designed to attract both the scientifically oriented student and the average high school student. In 1960 a text was published by a staff composed of teachers from various parts of the nation who met at Harvey Mudd College. CHEM is an experimental approach to an experimental science.

ALM . . . Audio-Lingual Materials . . . A group of teachers in Glassenbury, Connecticut went to the Foreign Service Institute in Washington, D.C. to learn how our diplomatic translators were trained to speak foreign languages, and as a result they founded a new method for teaching languages in schools: the audio-lingual method. Cubberley was one of the first schools to help test this new educational theory which stresses speaking and understanding languages.

PSSC . . . Physical Science Study Council . . . The biggest difference in this new course is that it stresses the principles of physics with very little about technology; students are forced to think "scientifically." The theme of the course is the understanding of waves and motion because this is the key to understanding all nature. Advanced topics were introduced this year as a new part of the course. Also, the laboratory has been changed and students are encouraged to go as deeply as the equipment will permit them to go.

SMSG . . . School Mathematics Study Group . . . Two new courses have been developed this year in SMSG math: coordinate geometry, which employs an analytical approach to geometry using graphs to prove problems; and algebra I, which employs a new approach to the old concepts. Because Mr. Truscott and Mrs. Olinger helped to write the book for this new algebra course, Cubberley is one of the first schools permitted to use this program.

ADMINISTRATION

The progressive atmosphere which has surrounded Cubberley for seven years has brought it national distinction. In this short span of time, Cubberley has quadrupled its student population and experimented with its educational programs in almost every direction. Three people this year have carried the responsibility of leadership in our ever-changing school: Miss Phyllis Leveen, Mr. George Millar, and Dr. Andrew Stevens.

Miss Leveen, reviewing her seven years at Cubberley, says that the philosophy of our school, in her opinion, has not changed: "It is still student-centered." Both she and Mr. Millar, who has been at Cubberley for six years, agree that the tremendous increase in students has created the largest problem. Mr. Millar thinks that the relationship between student and teacher has sometimes suffered because of this growth, but he also feels that the increased size has resulted in the expansion of the curriculum.

Coming from a junior high school, Dr. Stevens feels that it is a "challenging and stimulating experience" to be the principal of a high school, to "watch students in the final stages of their growth." Although the future of Cubberley is difficult to predict, Dr. Stevens believes that our next big step forward should be to help those students who do not plan to go to college, "to balance our program to meet the needs of all students."

All three agree that our experiments in education have been worthwhile. After three years of trial, we have found a satisfactory rotation schedule; this year Cubberley was one of the first schools in the nation to use the IBM registration procedure. Dr. Stevens sums up the tempered progressive attitude that guides our future growth: "We should continue to experiment; but we must be able to distinguish between the new good ideas and the bad ones, and we must be willing to change when that change is necessary to our progress."

Back Row: Mr. John Gates, Mr. David Buck, Mr. Del Carlson, and Mr. Robert Hilmer.
Front Row: Miss Fern Bruner, Mrs. Katherine Cook, Mr. John Lewis, Head of Testing, Miss Mary Frances Gould, Registrar, Mrs. Margaret Miller, Health, and Mrs. Margaret DeGeorge, Aide.

GUIDANCE

The Guidance Department consists of three main divisions, counseling, health, and registration. Counselors answer student questions, help plan programs, and aid each student with his plans for the future, whether it be supplying college entrance information or preparing him for interviews with prospective employers. The Health Guidance Department provides everything from band-aids to pass slips home, as well as offering the health services of the district. For months in advance, the Registrar is hard at work setting up programs for Cubberley's 1,500 students, recording grades and accomplishments in student cumulative folders, and preparing all IBM data.

STUDENT ACTIVITIES

Though few students realize the time and energy spent by Mrs. Louis and Mr. Gates, they are invaluable to the smooth functioning of Cubberley. They are continually adjusting and adding to the calendar in the Student Activities Room, which is the focal point of their labor. The accuracy and completeness of this calendar is so important to Cubberley students that few activities are planned before consulting it. In addition to coordinating activities, Mrs. Louis and Mr. Gates approve posters, attend meetings, and hold numerous student conferences.

Mr. Jerry Hathaway, Miss Mary Frances Gould, Mr. David Buck, Mr. James Guthrie, Mr. Don Granholm, and Mr. Robert Bow. Missing: Dr. Andrew Stevens.

FACULTY SENATE

Standing: Mr. Jerry Hathaway, Administrative Assistant, and Mr. Leroy Hill, Work Experience Counselor. Seated: Mr. Aaron Nelson, Administrative Intern.

The Faculty Senate consists of seven members: the principal and six other elected faculty members who are elected for three year terms, two new members being elected each year. The duty of the Senate is to act as an advisory and representative board of the faculty to communicate to the administration their opinions on the formulation of standards, policies, curriculum, and goals here at Cubberley. The Senate also has the responsibility of consulting the faculty as a whole when a decision of general interest to the faculty is to be made. All decisions of the Senate need the approval of the principal.

SPECIAL EDUCATION

The Palo Alto Unified School District special education program culminates in the classes taught at Cubberley under the skillful direction of Mrs. Geri Kickbusch. This year, Mr. Edward Matranga has joined the group, helping the students prepare to enter vocations and adult life.

OFFICE STAFF

We would like to extend a special thank you to the behind-the-scene workers without whom Cubberley's machinery would grind to a halt.

Mrs. Seward and her assistant, Mrs. Hall, our able librarians, manage the technical details of the library, help students and teachers find books and information, and constantly add more books for both research and entertainment. Mrs. Hall also heads the Audio-Visual Service. Mrs. Basham, the textbook clerk, has the essential but nearly impossible job of distributing, checking, and coordinating the use of all textbooks and educational materials at Cubberley. Mrs. Louis coordinates the student activities calendar, makes appointments, attends numerous student meetings, and helps everyone in any way she can. Mrs. Guinasso, Dr. Stevens' secretary, coordinates the numerous details of Dr. Stevens' busy calendar, in addition to assisting in the main office. Mrs. Bain acts as secretary for all nine counselors, arranges the many counselors' appointments and interviews with college representatives, and answers countless student questions. Mrs. Duncan keeps a record of the attendance of 1500 Cubberleyites, sends out call slips, and readmits students after an absence. Mrs. Austin, the budget secretary, in addition to helping Mr. Hathaway, types up the budget reports and helps Mrs. Meyn with typing, operating the switchboard, and acting as receptionist. Mrs. Jacques and Mrs. Lucas, the registrar's secretary and clerk, keep the records of the academic achievements of Cubberley students. In addition, they provide the many transcripts required by colleges and employers. Mrs. Vincent, the student body auditor, sells the many tickets, student body cards, and yearbooks purchased throughout the year by the student body in addition to keeping the books for student organizations and the student body.

We thank these people for their many hours of devoted service.

Back Row: Mr. George Truscott, Mrs. Nina Black, Mr. Richard Furr, Miss Adene Hurst, Mr. Robert Starkey. Front Row: Mrs. Dorothy Vuchinich, Aide, Mrs. Paula Olinger, Miss Marcia Mason, Mrs. Sandra Forsythe. Missing: Mr. Allen Price.

MATHEMATICS

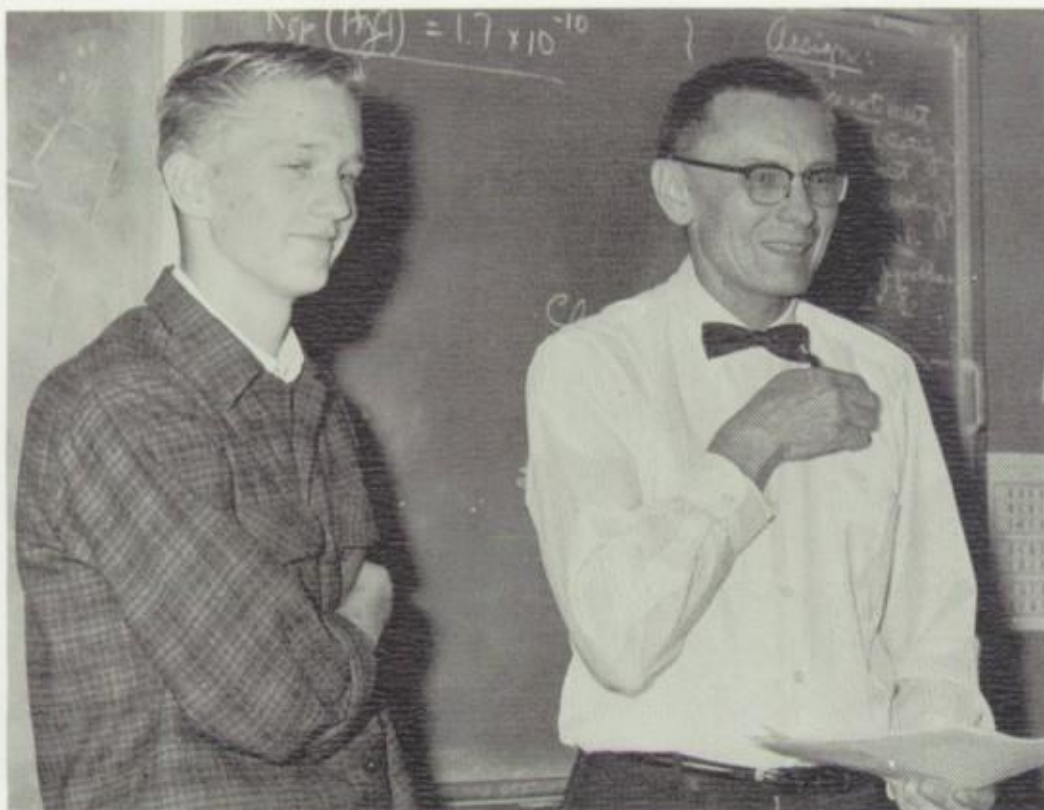

From Algebra through the calculus, from the postulates of Euclid to programming the analytic geometry of Descartes, from the properties of the natural numbers to working with the complex numbers—Cubberley offers them all. Striving to challenge every student of mathematics, Cubberley's teachers use as many techniques and materials as possible. With a set of computers, slide rules, overhead projectors, classrooms designed for team teaching and an enthusiastic and well prepared staff, the goal of good mathematics for all students is no longer just a possibility. Cubberley will continue to strive to remain a leader in mathematics and education.

Are you sure of that?

But I never make a mistake!

Are you sure you mixed that anti-itching powder correctly?

I thought I was signed up for science—not home economics!

SCIENCE

Cubberley's students have survived the transition from the old to the new. In the past they have struggled with the memorization of skeletons and worms in biology, equations in chemistry, and levers and circuits in physics.

Today, with the advent of BSCS (Biological Science Curriculum Study), CHEM Study and PSSC (Physical Science Study Council), the study of modern science requires students to think. If our students have any mark of the Cubberley Science Department, it will be noticeable only on the brain, where you will find a few extra wrinkles.

What does the future hold for the Cubberley Science Department? We know that the future holds the opportunity for us to develop students who think more clearly, and perhaps produce a few wrinkles in the right spot.

SOCIAL STUDIES

Man's study of Man is his most rewarding pursuit. The practical application of all the other fields of study is severely limited or greatly expanded by the degree of success that man achieves in understanding himself. The search for an understanding of man—his past, his present, and his future—is never-ending. While the rapidly increasing knowledge clears the way for such understanding, it also complicates the search. A continuing problem in the social

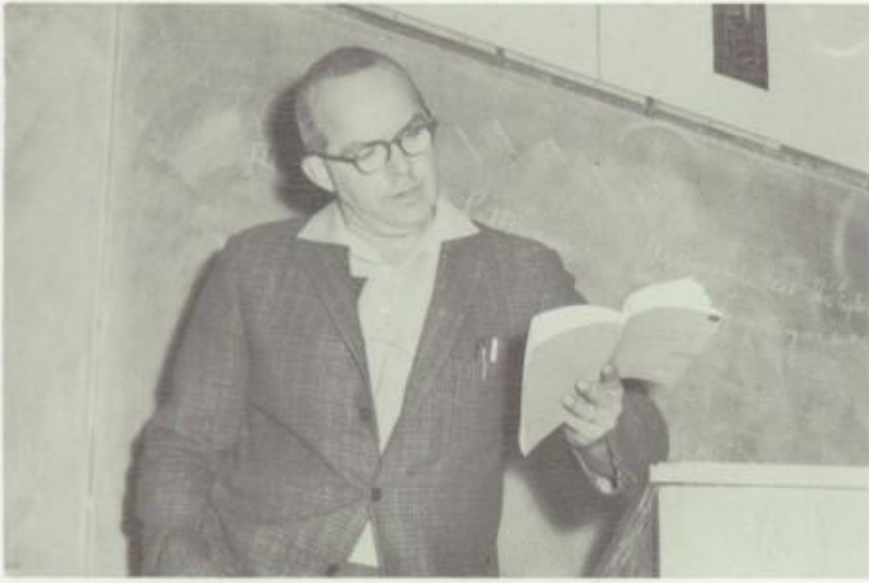

studies is to select from the many disciplines the knowledge that will best prepare our students to live useful lives and to further the development and enrichment of our society. This search for, study, and development of such a curriculum has been a major task of the Social Studies Department at Cubberley this year. We feel we have made substantial progress and are moving toward a curriculum that will be both demanding and rewarding to our students.

Don't argue with me! I know John Smith first kissed Pocahontas in Grant, Maine.

"The truth will out."

... and then Little Red Riding Hood ...

Oh? You don't like F's?

ENGLISH

What do English teachers do? Who can really say? The measure of the teacher far exceeds penciled composition markings or course materials covered; what English teachers succeed in doing becomes realized in memory alone. Working toward the idealistic hope that each student gives meaning to his life through the novels he reads, a poem he

experiences, the speech or dramatic role he undertakes, a newspaper column or yearbook page he engineers, the English teacher struggles to reach someone, to make him understand, to cause him to want to learn, to want to read, to feel, to think, to define, to measure, to redefine, to be and to become.

Standing: Mr. Ray Jadwin, Mrs. Alice Vigeant, Miss Sylvia Johnson, Mrs. Ruth Britton, Mrs. Annis Kocher, Mr. Bernard Tanner, Miss Jeanne Cushing, Miss Beth Lonon, and Mr. David Buck.

Standing: Mr. Edward Matranga, Mr. Salvatore Marino, Mrs. Katherine Bigelow, Aide, Mr. Victor Camacho, Mr. Dennis Collin, Mr. John Gamez, and Mr. Richard Finch. Seated: Mrs. Laura Sung, Mrs. Beatrice Snively, Miss Marjorie Tulley, and Mrs. Alice Jones. Missing: Mrs. Elena Baran and Mr. Ernest Pope.

LANGUAGE

The ability to communicate with people of this and other countries is an important goal in the world of today and tomorrow. The teachers of the Language Department believe that students of a second modern language should be able to speak, understand, read and write the language under study, at least within the limits of their contact hours with the language, and not merely to be able to describe the language. To that end they teach.

This year the department has Mrs. Jones, Miss Tully, Messrs. Collins, Marino, and Pope teaching French; Señores Camacho, Finch, Gamez, Marino, and Matranga teaching Spanish; Miss Snively teaching German; Mrs. Jones teaching Latin; and Mrs. Baran teaching Russian. The newest curricular addition is Mandarin Chinese, which is taught by Mrs. Sung before dawn every day.

In the near future more of the so-called exotic languages like Arabic, Hindustani, and Japanese will become available to the secondary schools in the United States. Sequences of study longer than the two or three years is a most decisive factor in over-all improvement of language learning.

Cubberley hopes to further the development of these language programs.

And now Bing Crosby will sing . . .

MUSIC

The Music Department exists for the musical development of young people. It is organized to give students varied, interesting experiences in singing, playing a musical instrument, and learning about the history and development of music. It is the sincere desire of the department to help students learn to appreciate the finest in orchestral, choral, and band literature. The most efficient method of helping students appreciate music is to have them participate in a group such as the band, orchestra, choir, or glee club. For the students who do not play or sing, a course in music history is offered. Each succeeding year has seen the music program at Cubberley gain strength in the variety and quality of its offerings as evidenced by the consistency of performance demonstrated by each of the major performing groups.

Mr. Ken Peters and Mr. Douglas Hornbeck.

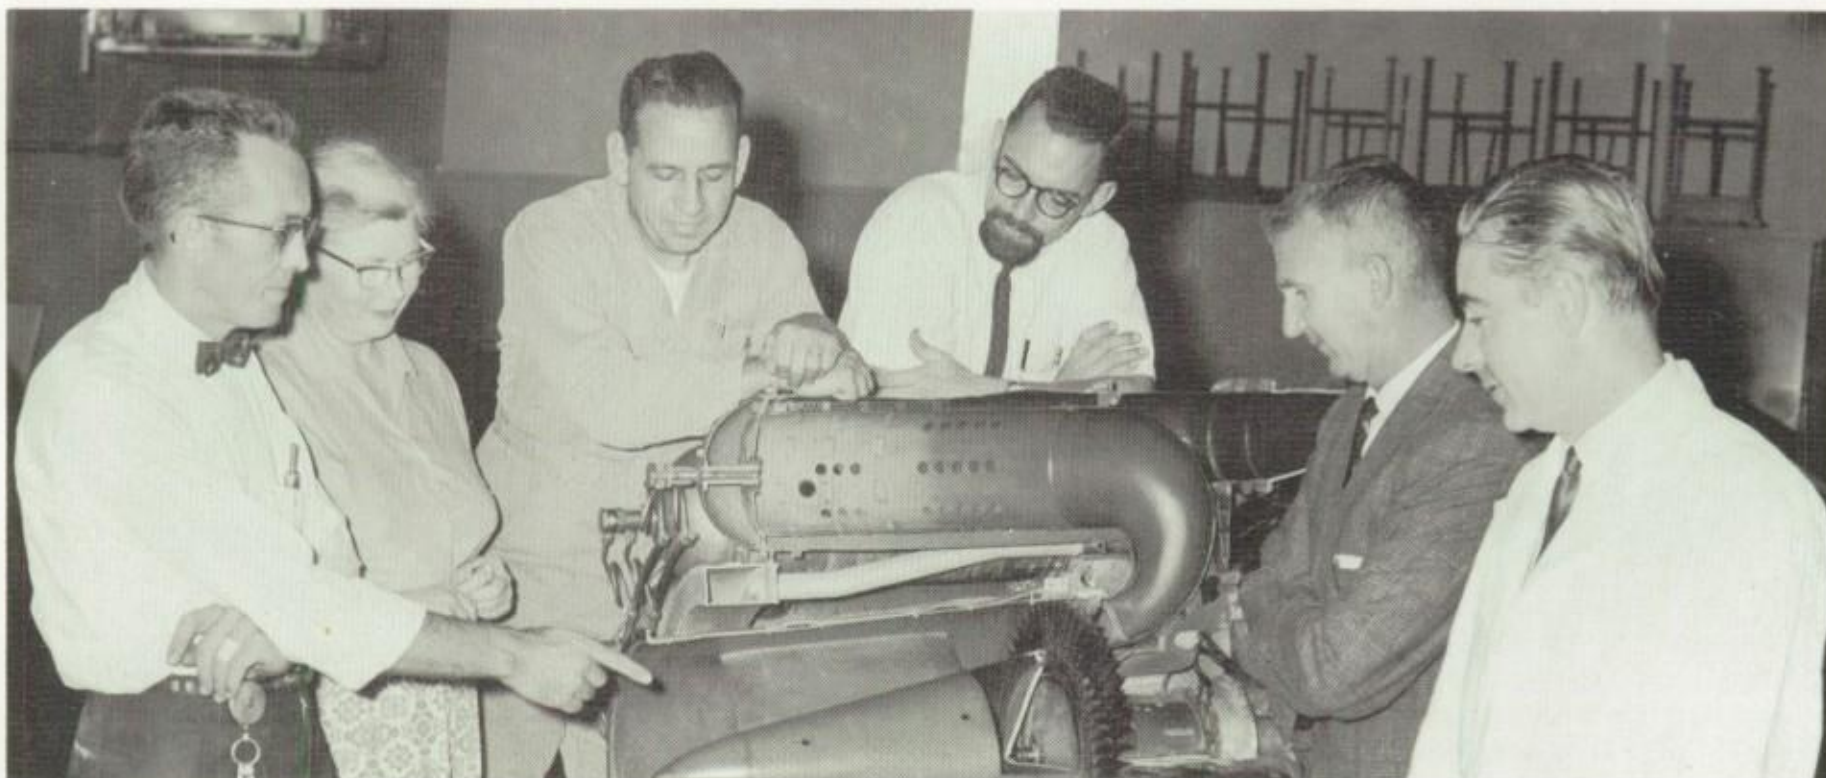

ART

The Cubberley Art Department is open to any cougar who has an interest in art or who wishes to learn about art. The wide variety of courses offered fall into two major categories—one for the student wishing to make art his career (such as a teacher, designer, craftsman or painter) and the other for the student wishing to explore art as an avocation. Courses offered include painting, sculpture, design, commercial art, ceramics, and applied design (working with metal, leather, plastic, and various other materials).

An art club is sponsored by the Art Department. All art seniors are eligible to compete for the Henriques Award, which is a district scholarship.

Mrs. Margaret Johnson, Mr. Arthur Adams, Mr. Del Carlson and Mrs. June Johnson.

Mr. James Smartt, Mrs. Mary Gordon, Mr. Harold Riddle, Mr. Philip Augustine, Mr. William Burnes, and Mr. Clarence Merkley.

INDUSTRIAL ARTS

The primary aim of industrial arts is to introduce the student to the materials, processes, and machines of industry. The beginning courses in industrial arts at Cubberley are generally broad and emphasize basic skills and related information. Advanced courses have a prevocational emphasis upon specific information and special skill development. The courses offered in the department are Auto and Power Mechanics, Drafting, Metals and Welding, and Woodworking. Our aims are to expand the scope of our course offerings to meet expanding technological developments.

HOME MAKING

Mrs. Marian LaMetre, Mrs. Frances Birkenbeul, and Mrs. Jo Ann Easter.

Most girls at Cubberley will some day be homemakers. Cubberley's beautifully equipped and tastefully furnished department serves as a laboratory for well-rounded experiences in home living. The aim is to give the girls experiences which will be beneficial in their future homes. The department offers three years of Clothing which terminate with the creation of hand-tailored suits and coats. In the two years of Foods, the girls learn to buy, prepare, and serve all types of food attractively. In the Child Care course, students learn to understand themselves as well as the child by studying human physical and social growth and development. The Home Furnishings and Household Management class aims to impart knowledge of home care, furnishings, decorating, and economics. These courses will help beautify and increase the efficiency of future homes.

BUSINESS

There have been those who have said that the Business Department isn't the most important one at Cubberley. Let's not jeer at them. They just didn't understand. The knowledge and skills offered to every student will be among his most important assets. There is something for everyone: for the future college student, typing, shorthand, or notemaking skills; for the future businessman or woman, introductory courses to the complex patterns of economics, finance and industry added to those skills already mentioned; for the future non-college and non-business citizens, there are opportunities to learn everyday facts of living in this adult American system of ours, as well as such skills as bookkeeping for the thrifty, budget-minded housewife or typing for the man who hates to write reports for his job or letters to friends. That's why the Business Department is the most important one at Cubberley.

Back Row: Mr. John Gates and Mr. Nate Rosenberg. Front Row: Mr. John Gruber, Mrs. Janet Gillette, and Mr. Phillip Collins.

DRIVER TRAINING

Driver Training may be taken after a student has finished and passed a quarterly course on Driver Education. It consists of twelve hours in the car, six of which the student spends behind the wheel. It aims to teach the student skill, self-confidence, and greater safety in the car, thus making the highways of tomorrow safer and more efficient.

Miss Jan Doggett, Mrs. Lynn Dahms, Miss Margaret Jackson, and Mrs. Margaret Erikson.
Missing: Mrs. June Johnson and Mrs. Betty Hansen.

GIRLS' PHYSICAL EDUCATION

The unique contribution of physical education to each individual's total education is that of developing an appreciation of one's own physical fitness as well as creating an interest in and enjoyment of physical activity for recreational purposes. The Girls' and Boys' Physical Education

Departments believe that through a systematic and selective instructional program, each individual is provided an opportunity to develop physically, mentally, socially, and emotionally.

Battle strategy?

Who stole the net?

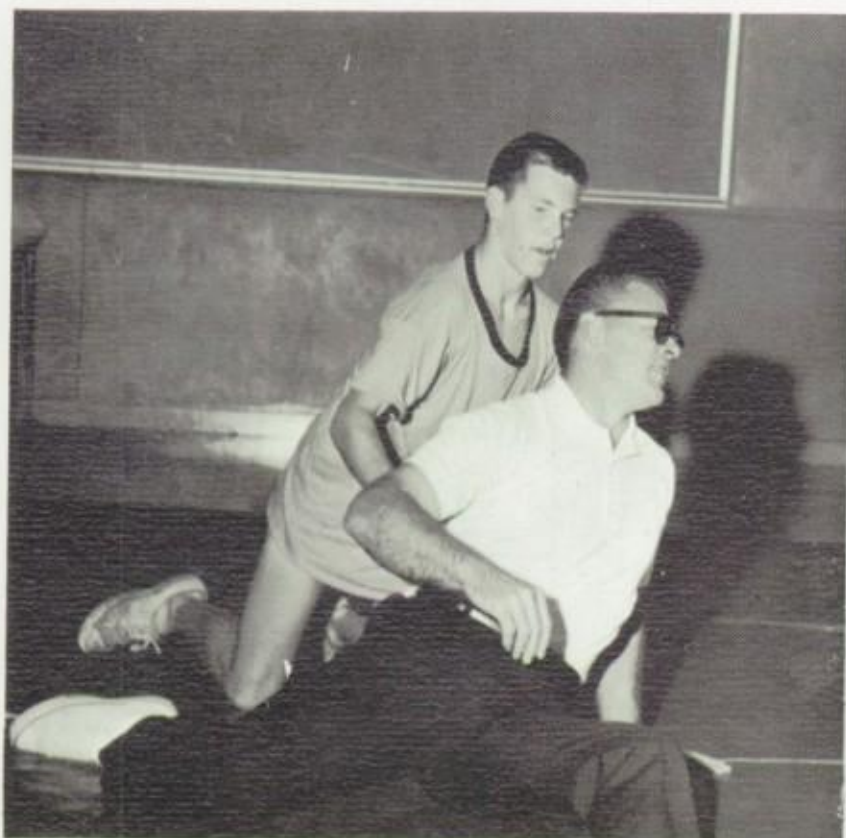

Standing: Mr. Robert Bow, Mr. Dale Summers, Mr. Ron Skillicorn, and Mr. Guy Doster. Front row: Mr. Bud Presley and Mr. George Hurley.

BOYS' PHYSICAL EDUCATION

The Girls' and Boys' Physical Education Departments have three specific programs to help accomplish their main goals of helping each individual to develop physically, mentally, socially, and emotionally. First, they provide opportunities for each student to improve his ability in and appreciation of group sports, individual sports, and physical fitness. Second, they provide opportunities for

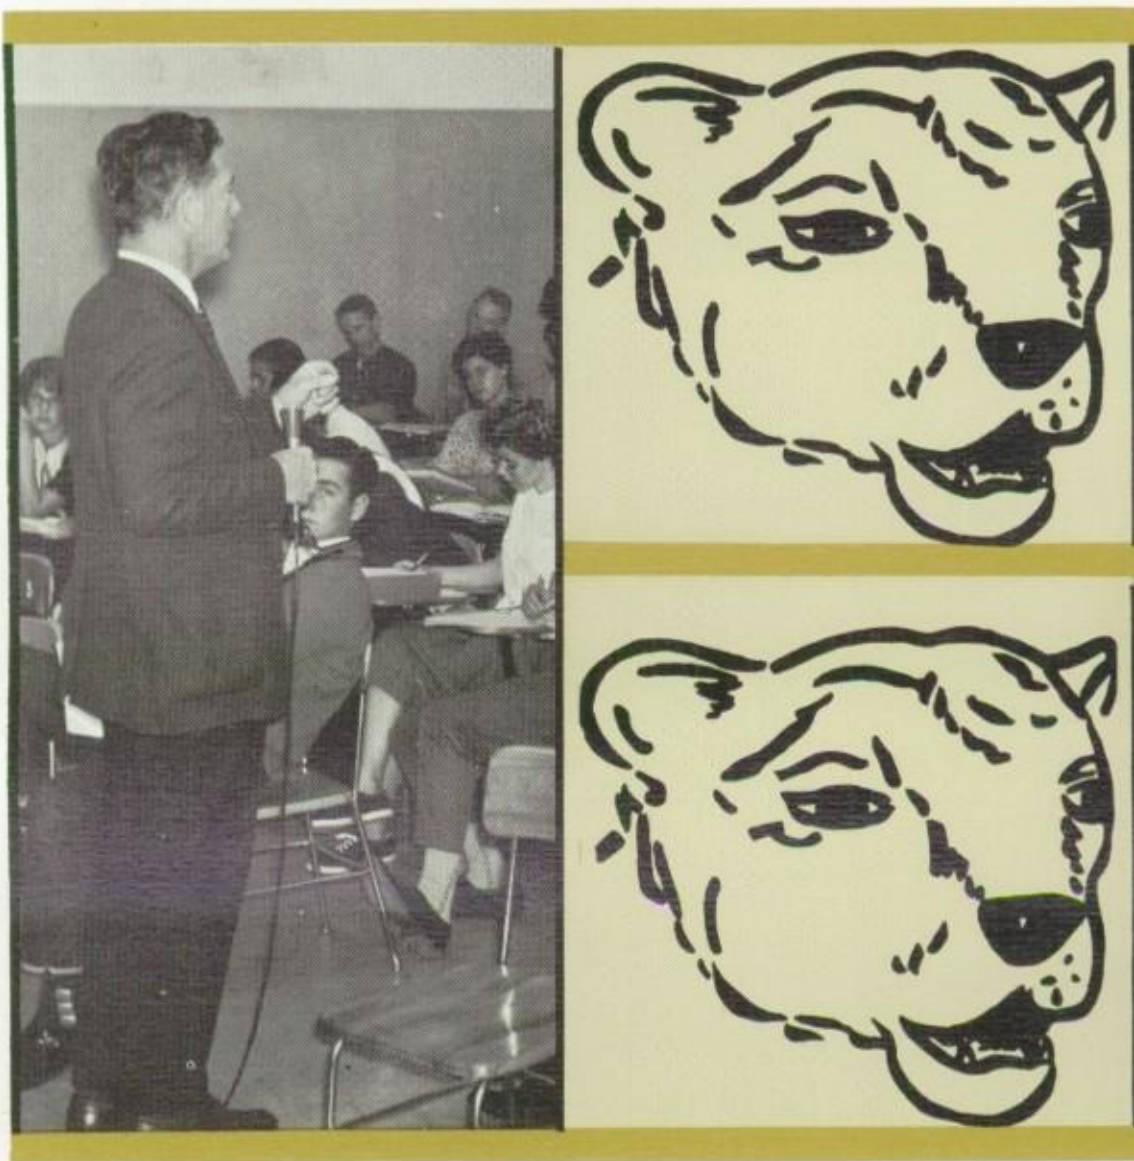

each individual to develop in leadership and responsibility by providing situations to lead and follow and choose good sportsmanship over bad sportsmanship. Third, they provide opportunities to release nervous tension through vigorous, enjoyable activities. These departments help insure a well-rounded present and future life for each Cubberley student.

SENIOR LIFE

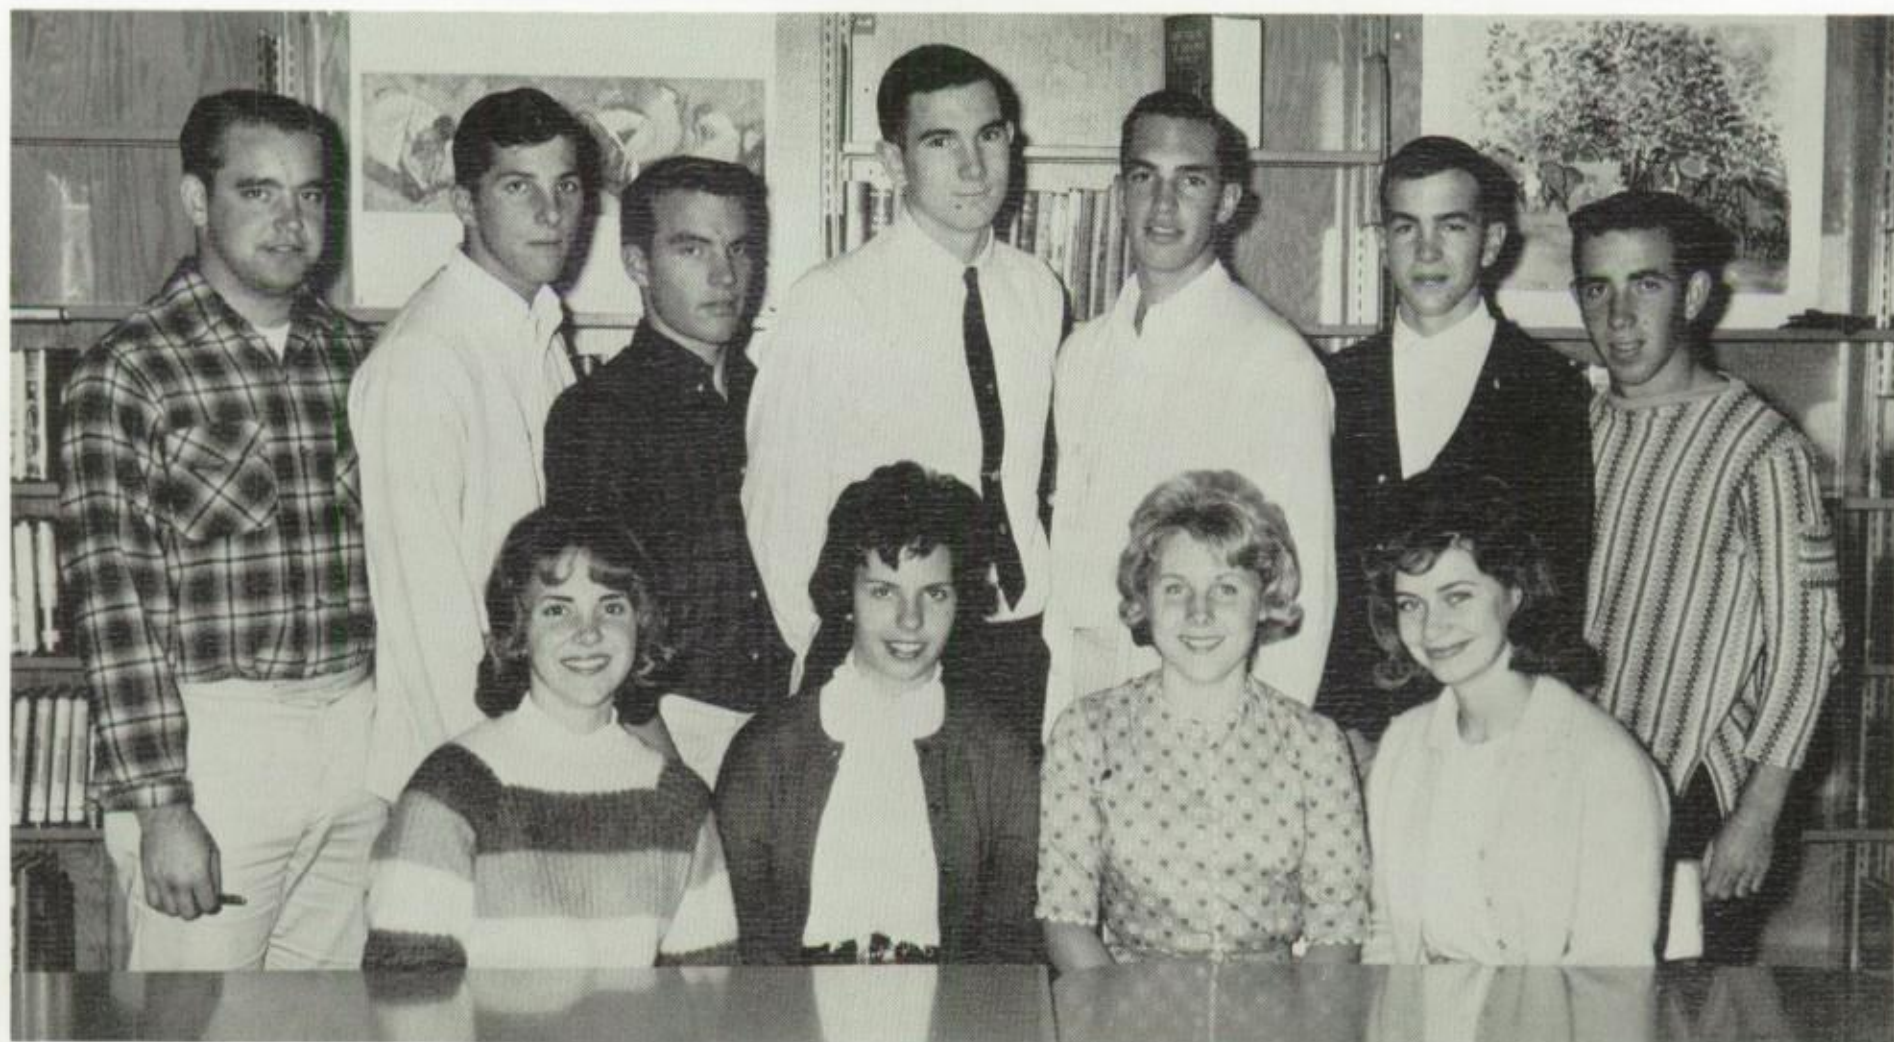

Knowledge of the "Hopi way"; living the
"American way"; measuring up for the future.

After three years of fun, excitement, and hard study, the class of 1963 is ready to graduate. They have contributed much to Cubberley in the past: roundtable-discussion groups, improvement of standards concerning dress and appearance, and leadership in such areas as world-peace demonstrations. The two most outstanding characteristics of the Senior Class are the individual thinking of its members and its unusual sense of humor. There is no future for the Senior Class as a whole. Their future lies in the fulfillment of the individual hopes and dreams of each graduating student.

The Senior Class officers are: Bob Kunselman, President; Dick Lo Forti, Vice-President; Janice Hydie, Secretary.

SENIOR CLASS COUNCIL Back Row: Ramon True, Dick Lo Forti, Charlie Henderson, Bob Kunselman, Ray Lloyd, Jerry Gelinis, Steve Schoenfeld; Front Row: Julie Oehlschlager, Mary Jo Sasich, Jan Hydie, Eva Hensley; Missing: Chris Bickford, Jane Duthie, Rick Davis, Andy Knowles, Diane Zieber.

DRENA ADAMS

Sans Susettes 1,2,3; Y Club 1,2,3; President of Y Club 3; Pep Club 3.

"Drano's" hobbies include boys and getting out of homework. She enjoys sports, especially tennis, but plans a career as either a model, stewardess, or nursery school teacher.

CYNTHIA ALEXANDER

Girls' League 1; Youth Dance Committee 2,3.

Cindy's secret ambition is to be a mermaid . . . hobbies include photography and having friends. She has a special talent for getting confused . . . people usually know it's Cindy when they hear, "Hey." Future plans include college and marriage.

CAROLYN L. ALLEN

Pep Club 1,2,3; Rally Commissioner 1; Girls' League 2; Pom Pon Girl 3; Totem Staff and Ads Salesman 3; Sports Queen Finalist 3.

"Spook" has an appetite for pizza and chocolate chip cookies . . . an affinity for male blondes 6' and over . . . loves being at the beach or wherever the sun shines. Lyn dislikes two-faced people . . . enjoys serious conversations . . . **BIG WISH:** to learn to play the piano well . . . wants to attend college at either U.C.S.B. or San Jose State.

NANCY ALSOP

After School Sports 1; Golden C 1,2; Young Life 1,2; Aquacade 2; Candy Striper 3; Modeling Club 3; International Club 3.

Nancy adores potato chips and french fries . . . dislikes "know-it-alls" . . . is especially interested in art. No matter where she goes, Nancy invariably gets there late. After graduation, she has plans for college . . . and maybe someday she'll "travel around the world" (in a balloon?).

JORGE ALVEAR

International Club 3.

Cubberley's A.F.S. student from Talco, Chile has certainly been an "ambassador of good will." George is a victim of America's teenage fads . . . he's always in the "Twist" of things! For some mysterious reason George feels that "my English is not too well" . . . but he has no trouble communicating with the female population. George enjoys playing the accordion, reading, and eating ice cream. Plans for future: to become a doctor . . . a rich doctor.

**ANETTE ANDERSEN**

Fashion Show 1,2; Y Club 2,3.

Anette's favorite pastime is driving her Metropolitan. Beauty School and a certain boy are among her plans for the future. She has visited Denmark and thinks the place to live is in Alaska.

JANICE ANDERSON

C.F.S. 1,2; Girls' League 1,3; Church Choir 1,2,3; Pep Club 1,2,3; Y Club 1,2,3; Rainbow Girls 1,2; Social Comm. 2,3; Class Council 1; Sec. of Student Court 2,3; Student-Faculty Council 3; Yearbook Ad Salesman 3; Sports Queen Finalist 3; Coed Capers 3.

Jan's interests are centered around art and skiing. She enjoys playing the piano, sewing, going to the beach, *Exodus*, and good food. She dislikes waiting in line and secrets. Jan has made frequent trips across the country—future plans include a college education.

JUDITH C. ANDERSON

Band 1,2,3; 4-H 1,2,3; International Club 3; F.M.A. 3; Spanish Club 3.

Judy's secret ambition is to live in Alaska. She can be found reading books such as *Ice Palace* and *Madame Curie*. Hobbies are sewing, cooking, and sports. Her future plans include Foothill J. C. and then a career as a registered nurse.

RONALD T. ANDERSON

Astronomy 1,2; Board of Welfare 3; De Molay 1,2,3.

Retirement before marriage and bachelorship until thirty-five are two of "Andy's" ambitions. His secret wish is to buy his own island, stock it with beautiful girls, relax and enjoy the ensuing pleasure . . . Hobbies include collecting coins and playing the piano out of tune—future includes a college education.

DEITRAH ARCHER

Church Youth Group 1,2,3; Church Choir 1,2,3; Modeling Club 3.

Deitrah's interests include fashion, sports, watching television, reading *Caine Mutiny* and eating water melon. Her special talents are playing the piano and typing . . . future: college at S.J. State or Foothill.

NANCY ARNOLD

Senior Girl Scout 1,2,3; C.S.F. 2; Forum Club 2,3; International Club 3; St. Mary's Alter Guild 3.

Nancy is a philosopher at heart. Her sense of humor is so subtle that no one knows if it's really there... she is stimulated by religion... secretly desires to practice Yoga... has a collection of knowledge, wisdom and dust... incense, "Sid the Snid," contact lenses and Chinese food send her into ecstasy... she plans to return to Europe after attending college.

BARBARA JEAN ASH

F.T.A. 1,2,3; Church Group 1,2,3; Band 1,2,3; After School Sports 1,2,3; Golden C 2,3.

Red-headed Barb loves to be around people, although she dislikes pessimists. She is quite active in her church... also enjoys music: she plays both the piano and the clarinet. Upon graduating, Barb plans to attend Foothill and later the University of the Pacific to become a teacher of English, French and History.

PAULA BACHMANN

Triple Trio 1; Operetta 1,2,3; Golden C 2,3; Tennis Team 2; After School Sports 1,2,3.

Paula's hobbies are sewing and playing tennis... favorite pastime is making herself a wardrobe. She would like to become a famous hairstylist after finishing school... plans to travel to Japan.

GEORGE LEE BADGER

CHARLES BAILEY

TERI BAKER

Junior Achievement 1,2,3; Triple Trio 1,2; Rainbow Girls 1,2,3.

Teri likes outdoor sports... and one certain person. Her real talent is "thinking"... she has travelled over most of the Northwest, also through Canada. Although her immediate plans include attending the Academy of Stenographic Arts, her secret desire is to get married after college.

PAMELA BARLET

Sports Manager 2,3; Golden C 2,3; Vice President of Golden C 3; After School Sports 1,2,3; Girl's League photographer 3; Swimming Team 2,3.

Pam would rather be in a swimming pool than a classroom... can usually be seen with a camera in her hands... spends her summers digging for gold and riding; she wants to strike it rich on her mine. Coed Capers 2,3; Forum Club 3; Art Seminar 3; C.A.S. 3; Pol. Sci. 3; *Folio* 3; "You Can't Take It With You" 3; Y Club 2,3.

"Poor Pitiful Pearl" is known for "disrupting the whole class while minding my own business" . . . adores "watching people and dropping eaves on them." After she goes to China, she wants to live in Mexico and write a book; then go to New York and teach high school in the slums. Then Lucy will get a little house by the ocean with her adopted Chinese kids and sell paintings. "Then (and only then) I will go nuts."

HENRIETTA SPIEGAL

Henrika came to Cubberley this year from Germany . . . can be found talking on the phone for hours to a certain someone . . . is known for saying the RIGHT thing at the wrong time.

DENIS STROUD

Chess Club 2,3; Mu Alpha Theta 2,3; Forum Club 2,3; C.S.F. 2,3.

Denis' hobby is coin collecting . . . has travelled to England and New York.

THOMAS STURM
Y Club 1,2,3.

Thom can be heard asking, "What's the skinny?" He spends most of his time working on cars . . . his pet peeve is Chevy 6's, but that's what he drives. He plans to continue his education in the service, and to marry a certain girl.

WILLIAM THOMPSON
Football 1,2,3; Swim Team 1,3.
"Stump's" interests center around sports, especially football . . . he hates school work. Bill's secret ambition is to "grow a little taller." He plans to attend Foothill . . . would like to become a forest ranger.

JANICE SVEDEMAN
Int'l Club 3; Candy Striping 3; Totem Ad Salesman 3; Totem Staff 3.

Swimming, badminton, ping-pong and other group activities occupy Jan's leisure time . . . She would love to learn how to play better golf and tennis. Jan dislikes anything "drab" . . . avoids braggarts. Her plans for the future include going on to college and possibly working toward a career in nursing.

ROBERT TIMINERI
Bob likes pizza, movies, girls and booze . . . dislikes dope and show-offs. He has been in forty-eight states of the U.S. . . . but can usually be found at "Jiffy's" in P.A. Bob plans to become a paratrooper.

JERRY SVINDAL

RAMON TRUE
Student Government 1; Football 2; Board of Welfare 3.
"Monny's" favorite pastime is "being by myself" . . . he dislikes yogurt . . . has been known to say, "Why, yes." His special talent is his ability to sing . . . also likes people and art . . . has been to Latin America, Hawaii and Canada . . . plans to continue on to college.

RICHARD TAYLOR
Y.M.C.A. 1,2; B Basketball 1,2; Varsity Basketball 3.

Rick has been nicknamed "Froggie" or "Frog-man" because of his jump-shot in basketball games . . . his special talent is spending money — then how is he ever going to "own a red Corvette with a jet engine?" He enjoys listening to "beat music" . . . wants to travel when he's older . . . plans to attend junior college after graduation.

DOUGLAS TURNER
C Basketball 1; Explorer Scouts 1,2,3; Church Group 1,3; Junior Achievement 2; Peninsula Coin Club 3.

Doug's hobby is coin-collecting . . . he also loves to sleep in his spare time (during classes) . . . would love to sleep twelve hours each day. He has a special talent for procrastinating . . . has lived in Japan for four years . . . plans on a college education.

DAVID TEEL

ELIZABETH UPTON
Social Com. 1,2,3; Totem 1; Y Club 1,2; Pep Club 1,2,3; Modeling Club 2,3; Girls' League 3; Orientation Com. 3.

Liz is partial to "Drofnats" boys and "Drofnats" dances . . . her favorite pastime is visiting Liddy. She has travelled extra-extensively (to Taco Tio) . . . and plans to memorize the rotational schedule by graduation. Liz's future plans include college away from home and then teaching elementary school—if that fails: beachcombing.

BARBARA VAN DERVEER
Pep Club 1,2,3; Soph. Vice Pres. 1;
Junior Sec'y 2; Student Body Sec'y 3;
Election Board 3; Modeling Club 2,3;
C.F.S. 1,2,3; Sports Queen 3.

B.V.D. is extremely interested in sewing and designing clothes . . . also likes to travel, and would like to see a certain Norwegian. Barbie enjoys meeting different kinds of people and ambitiously "getting everything done." She hopes to attend Pratt Institute to study fashion designing.

DOLORES VASQUEZ

Lively Lola can be found around school either laughing or speaking Spanish . . . could be seen scoupin' food last year behind the cafeteria counter . . . is known for her Latin temperament.

BENITA VENTRESCA
Int'l Club 3.

Benita's name is Italian for "Blessed Fish-belly." She is known for her dark eyes and soft voice . . . reads psychology books and applies them to all her friends. She plans to go to San Jose State, and hopes to someday travel through Europe.

LESLIE VEZZANI

KENNETH WATANABE
Wrestling 1,2,3; Basketball 1; Y Club 1,2,3.

Eichi is just a daydreamer . . . dreams are usually about girls. His favorite pastime is eating practically any kind of food and sleeping . . . he is a sports enthusiast . . . "Who me" . . . secret ambition is to "make a million." Wants to go into the Army after attending Foothill.

MARCIA WHITE
Y Club 2,3; Int'l Club 3.

"Mouse" spends her spare time in the coffee shop or learning new songs on the piano . . . she also enjoys knitting. She has traveled across the country five times, and plans to go to Mexico before she begins college in Oregon. Her secret ambition is to marry a certain boy.

PAULA WILLIAMS

PAT WILLIG
Junior Native Daughters 1,2; Candy Striper 1,2.

Patti has travelled to Japan and has gone to thirteen different schools . . . is fanatical about pizza (with mushrooms), and can usually be found at Big Al's or Rudolph's . . . she also enjoys bowling and has become very skilled at dropping bowling balls on her feet. Patti plans to attend IBM Business College.

JEAN WORTHINGTON
Student Gov't. 1; Election Board 2,3; Coed Capers 2,3; Dance Club 2; Pep Club 1,2,3; Girls' League Board 1; Candy Striper 1,2; "Carousel" 2; DATA Com. 3; Associate Justice 3.

"Pinky" is one of the select few who dances from class to class . . . secretly desires to become an interpretive dancer in a Broadway musical. Her hobby is collecting "hilarious cards"—pet peeve: boys with long, greasy hair . . . adores Mr. Smith. She wants to study nursing at college.

MARY WRIGHT

Mary's interests are centered around Bob Layburn . . . she enjoys being with him and making him happy . . . He is also included in her future plans.

LONA WUNDER
Totem 3.

"Sam" likes to work on Larry's '56 and '60 Fords . . . she wants very much to learn about cars . . . sewing is one of her favorite pastimes . . . secret ambition is to get married and learn how to cook . . . dislikes reading, but does it anyhow . . . is known for her quiet friendliness.

RALPH YEAGER

Sleeping is Ralph's time-consuming hobby. He has travelled to Mecca . . . secret ambition is to become the heavyweight champion of the world, but that will have to wait until after he gets out of the Navy.

ROBBIN YEP
Pep Club 1,2,3; Junior Achievement 2; Int'l Club 3; F.M.A. 1; Y Club 3; Totem Ad Salesman 3.

Patient and friendly Robi loves taking long walks on cold, windy days . . . dislikes narrow-mindedness. She is interested in painting, sewing and reading poems by Carl Sandburg . . . is known for forgetting the punch lines of jokes . . . wants to be an astronaut and "travel around in my very own rocket ship" . . . not until after college.

NANCY YOSHIDA

MARY YUE

DIANE ZIEBER

Girls' League 1; Young Life 1,2,3; After School Sports 1,2,3; Pep Club 1,2,3; Y Club 2,3; Rifle Club 2,3; Totem Ad Salesman 2,3; Student Government 3.

Di, also known as the Metra-Cal Kid, enjoys sports and working with people. She loves food . . . hates calories . . . hobbies include horse-back riding, knitting and sewing. Her secret ambition is to become Miss America . . . wants to go to college to major in psychology and minor in P.E.

WILBUR ZULCH
Cafeteria Worker 2,3; Clothing Drive at Paly.

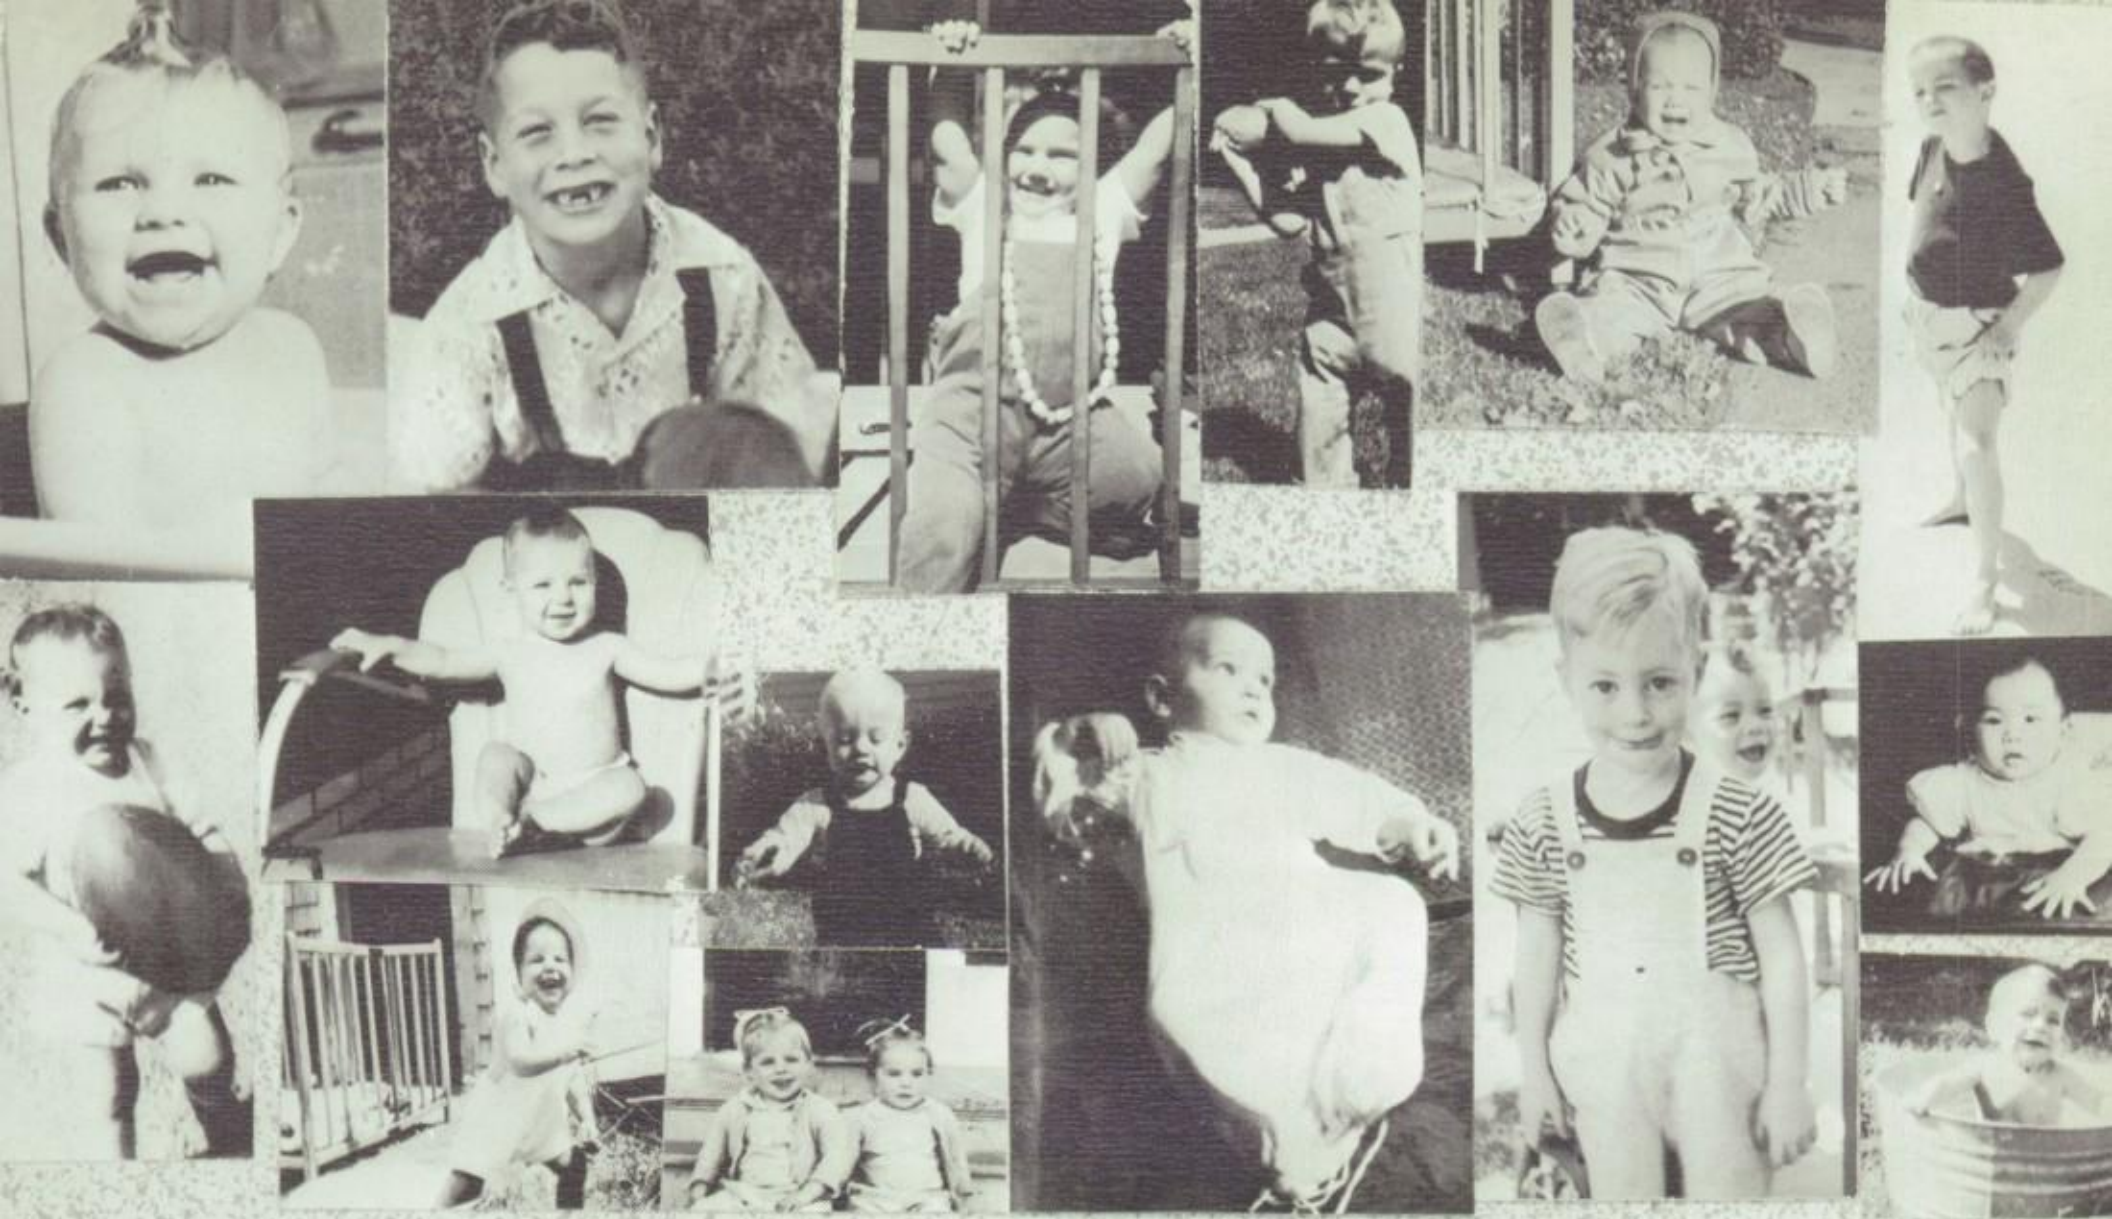

Bill's favorite pastimes are playing records and reading about railroads. He enjoys working on his hobbies: railroads and model boats . . . plans on taking a train trip to Canada this summer after graduation.

UNDERCLASS LIFE

The confusion involved in beginning a new school year; the confusion involved in studying something new; and the studying involved in preparing for the confused future.

Only one year at Cubberley remains for the students of the Junior Class. The past two years have been highlighted by the leadership of capable officers, the exceptional performance of athletes, and the recognition of outstanding scholars. The Juniors are proud of their achievements at Cubberley.

The Junior class officers pictured at the left are: Bill Leidenthal, Vice-President; Evelyn Robbins, Secretary-Treasurer; Steve Smith, President.

JUNIORS

THE JUNIOR CLASS COUNCIL Standing: Kathy Berryessa, Sandi Brown, Randy King, Cynthia Harrison, Mike Rainey, Cindy Owens, Joel Dixon, Evelyn Robben, Bill Leidenthal, Kit Bagby, Karin Lie, Sue Russell; In Front: Steve Smith, Jon Zablackis.

CULTURAL LIFE

Two Cubberleyites recall their fond childhood; two more prepare for a future in the arts.

ART DEPARTMENT

The Cubberley Art Department, open to every student, offers a variety of courses, covering many aspects of art. Students may elect to take Painting, Sculpture, Design, Commercial Art, and Art History. These courses are designed both for the students planning a career in art, and for those who are "just interested in art." The extra-curricular activities include the Art Club which meets weekly.

The picture on the left shows Carol Johnson's statuette, "FAITH," which she created in the Sculpture class. Several times during the year, the work of Cubberley art students, produced in this class and in others, is displayed in the Student Hall, as well as on the annual "Cubberley Night."

Margaret Johnson, chairman of the Art Department, advises Suzanne Wooding, while Lani Halderman continues work on a drawing.

Art Club

The Art Club sponsors interest in art activities, including field trips to museums, art contests, and guest speakers. Here artists Linda Small (in background), Suzanne Starbuck, Marc Kohler, and Carol Scoma work on their various projects.

Art History

Members of the Art History Class listen to Mr. Del Carlson's discourse on a famous painting by Goya. The Art History course is designed to give students a background in the various artistic techniques and schools prominent in the past.

Commercial Art

The Commercial Art class provides most of the posters, banners, and signs seen around school. Here members of the "school service" work on posters.

Show

(Upper left) M.C.'s Dan Fein and Gerry Gelinas entertain the audience between acts. (Middle left) Bill McPhee, Judy Hendrickson, Dick LoForti, Vicki May, Carol Cuthbertson, Ray Lloyd, and Dave Mowday satirize the "Faculty Lounge." (Middle right) Lynn Griffin horrifies the "Dean, Miss Labeen" (Ginger Smith). (Lower right) Bonnie Richmond, Vicki May, and Carol Cuthbertson portray life in their typing class.

For the first time this year, the Class of '63 presented their *own* talent show, the "Senior Variety Show" in order to raise money for the Junior-Senior Ball. Under the direction of Mr. William Nichols, the show was given one performance on February 16. The acts varied from folk dances to satire. (Incidentally, the proceeds from the ticket office were in excess of \$150.) Cubberley looks forward to the establishment of the "Senior Variety Show" as a school tradition.

Judy Hendrickson and Exchange Student Jorge Alvear demonstrate a South American dance in the 1962 Coed Capers, "King's Night Out."

Coed Capers

The Widow Jenkins gave the school a preview of the entertainment in the coming show.

The 1962 Coed Capers, entitled "King's Night Out," tells the story of an unhappy king. Fairy Godmother attempts to cheer him up by taking him on a trip around the world. They visit many countries, including Mexico, Russia, the Philippines, and the United States. The show was supervised by Miss Beth Lonon.

The Fairy Godmother (Robin King) and the King (Bob King) begin their trip around the world in their "Magic Chariot."

(Above) A group of students from the Russian classes gave a colorful performance of Russian folk dances and songs.

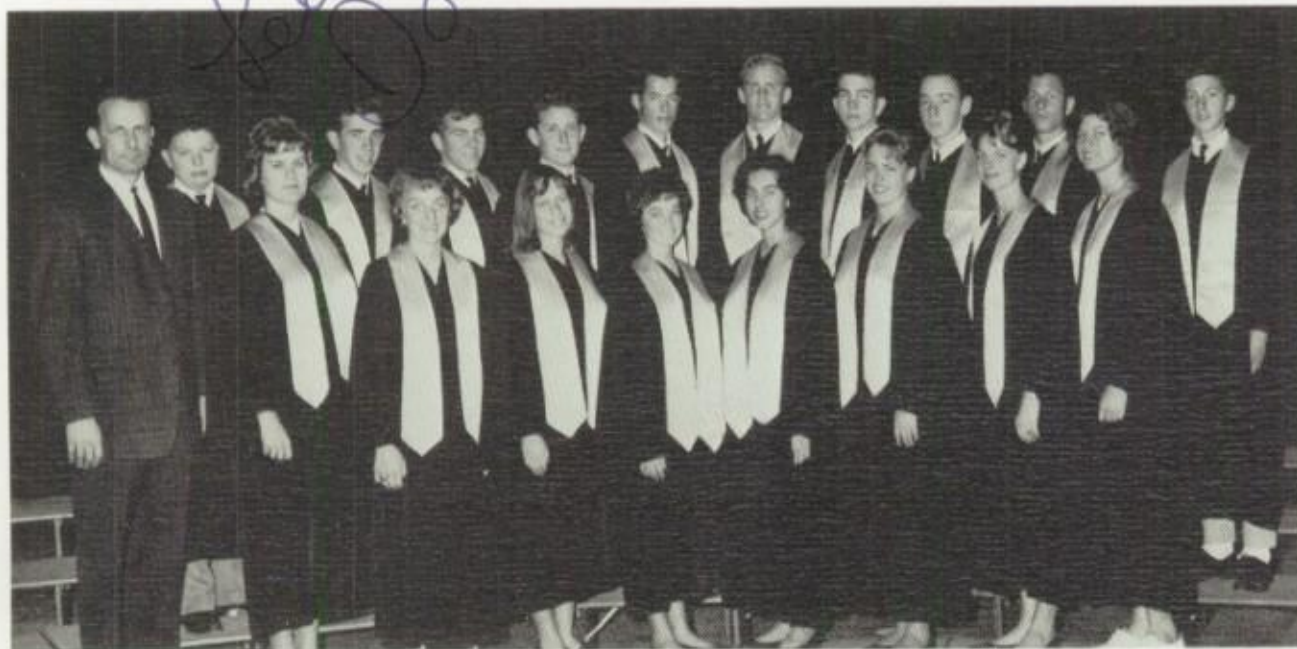

(Upper right) Dick Lo Forti and his brother Paul prove that at Cubberley *anything* is possible.

STUDENT LIFE

Education in government; education in
sportsmanship; education . . .

STUDENT GOVERNMENT

Student Body Officers

The General Assembly, comprised of social studies class representatives, class and student body officers, students, faculty members, and commissioners, is the focal point around which all governmental activities revolve. In addition to the long-established committees, several new ones have been added to the General Assembly to facilitate the functioning of the Assembly: DATA, School Beautification, T.V. Station, and Brother-Sister School.

This year Cubberley faced the unforeseen dilemma of what to do without a Student Body President. Ron Davis was elected 1962-1963 President last May, but he did not attend Cubberley during the fall because he was in Germany on an AFS scholarship. Jonny Ratner, Vice-President, accepted the presidency temporarily. Although the problem was thus solved this year, the question of how to avoid a similar situation in the future was considered. A bill concerning presidential succession was presented to the General Assembly for this purpose.

Students interested may participate in Student Government in various ways. The *Black and Gold*, Cubberley's student newsletter, is available for those whose talents lie in expression through writing. Those who prefer more active participation can join any of the committees, or can run for the many offices open to them.

Although many areas of our government are effective, improvement is always beneficial. Those involved in student government at Cubberley are constantly striving to improve Cubberley.

Barbara VanDerveer, Secretary, Randy Cohan, Chief Justice, and Jonny Ratner, Vice President are pictured at the left.

Student-Faculty Council

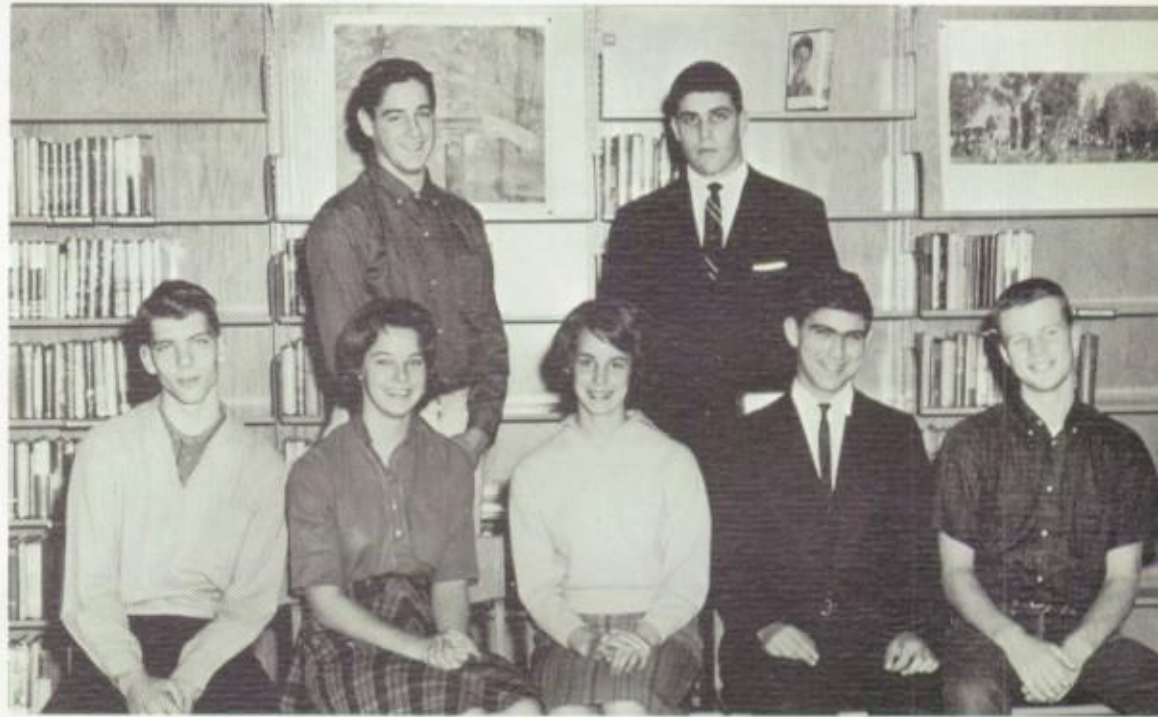

The presiding officer of the Student-Faculty Council meetings is Don Hoyt. This council has the final decision on whether to pass or reject a bill previously accepted by the General Assembly. All bills must obtain a majority vote in order to be passed.

Back row: Mr. Buck, D. Hoyt, D. Fein, K. Parkinson, Mr. Bartholomew.
Front Row: Mr. Chanteloup, M. Griggs, Miss Leveen, J. Anderson.

Student Court

It is the responsibility of the Student Court to interpret the Constitution of Cubberley, its by-laws, all students' laws, and apply them to any specific case.

Back row: L. Rhoades, R. Cohan.
Front Row: D. Owens, J. Worthington, J. Ratner.

"Our friendship will never last if this locker falls between us."

For the benefit of the newly arrived sophomores, a get acquainted dance is held in the Cubberley cafetorium at the beginning of each year.

"Through rain or sleet or snow..." Well, anyway, Andy Knowles, Peggy Brennan and Susan McKaig seem to be enjoying themselves.

GIRLS' LEAGUE BREAKFAST

On October 4, 1962, many girls arose at 5:30 a.m. to attend the annual Girls' League Breakfast. Diane Reuter is pictured here with her "prize" for the day, awarded at the breakfast, Cubberley's own Mr. Lewis.

K.O. POLIO

November 4, 1962, was a red letter day in California history. It was on that day that a mass immunization of the people of this state took place, better known as K.O. Polio Day.

We rooted, yelled, screamed and pulled our hair out; it wasn't enough. The New York Yankees won the World Series for the twelfth time, over our beloved San Francisco Giants. Maybe next year . . .

BERMUDA DAY

Boy! What people will do to get their picture in the yearbook! Piled here on Bermuda Day are Jennifer Buss, Delores (Ham) Oller, Linda Morgan, Nancy Neal, Eva Hensely and Janet Hansen.

CIVIL DEFENSE DAY

Leave it to Cubberley boys to stage a serious (?) military drill on Civil Defense Day! We are still wondering what happened.

Homecoming

Cubberley, in past years, elected a Homecoming Queen who represented only football. Because other sports are equally important, this year's queen, the Sports' Queen, represents the five major sports. Candidates, who were seniors, were screened by a committee of representatives from the five sports, and the student body elected the queen from the five finalists.

The Sports' Queen for 1963 is Barbara Van Deveer, pictured here with her four attendants, Mimi Griggs, Jan Anderson, Sandy Ferriter, and Lyn Allen.

Queen and three attendants shiver in the chill breeze as they are presented to the student body at the Cubberley-Paly game.

Homemaking

HOME FURNISHING

The home furnishing class is open to juniors and seniors. The girls learn how to budget time and money, to choose and care for furnishings, and to make accessories for the home. Floor plans, room arrangements, color schemes, choice and use of appliances, table appointments, and household lines are also included. Outside speaker, field trips and exhibits help to make the class a favorite.

SEWING

Three years of clothing are offered to include all types of construction techniques and an opportunity to work with many different materials. The room is equipped with three large cork-covered cutting tables and twenty-two sewing machines. For the beginner who is struggling with the first cotton blouse it is an inspiration to see the suits and coats being made by the advanced class.

COOKING

Beginning and advanced foods are taught in Cubberley's beautifully equipped foods laboratory. The unit kitchens each house four students. Here work is done on the meal basis with the emphasis on cookery principles, time and money values, serving and etiquette. The adjoining living-dining room is used for special entertaining. Outdoor barbecues are another special feature.

CHILD CARE

The child care class is a semester course open to junior and senior girls. The course includes a study of the physical and social growth of the child from prenatal to the age of twelve years. The students visit nursery schools and have children brought into the class for observation. Field trips, films, outside speakers, and demonstrations add to the class interest. Outstanding class projects include making a child's toy and a children's party.

Industrial Arts

American Field Service

My first view of Germany revealed the charming country which was to be my home for several months. I speak of the rolling, checked farmlands, of large old houses with decorative white panels, of narrow, winding, cobblestone streets with fast driving little cars, of old Gothic churches with tall bell towers, of the inevitable flow of the Rhine, and of the terraced vineyards which patch the steep inclines bordering this busy river. From the Rhine, I saw many grand old houses and castles remaining from centuries past; I also saw the many freighters carrying oil, coal, and wood, the fuel of this swiftly growing modern nation. From the windy heights of the Drachenfels am Rhein I saw many tall straight forms reaching into the sky; some of these are the domes of old Gothic churches built in preceding centuries, but many are the tall smoke-stacks of new industries. In Koln I saw a small old church with a beautiful interior which is surrounded by ruins of the last war; no more than two blocks away stands a large new opera house styled completely in modern architecture. These are among my impressions of Germany's physical appearance and together they form a picture of a country where past meets present, where some of men's greatest accomplishments are accompanied by the scars of some of his worst evils, but where, in every case, the activities of Man are combined in a lovely way with the activities of Nature.

Ron Davis

I spent the summer of 1962 in Taytay, Rizal (Philippines), a suburb of Manila, where I lived with an average-sized family of ten, attended school, and became acquainted with numerous Filipinos, whom I have found to be the most charitable, sincere, and considerate people I have ever met. Their hospitality was demonstrated to me wherever I went, and I was constantly informed that Filipinos dream of visiting the United States. English is the main language at school, but Tagalog is the national language. Ninety other languages and one hundred and thirty-five sub-dialects are spoken throughout the Philippines. Although there is diversity among the standards of living and the languages, Filipinos retain their warmheartedness and welcome other Filipinos and foreigners into their homes. Paalam!

Judy Hendrickson

I had the good fortune to be able to spend the first semester as an AFS student in Italy. I lived with a surgeon, his wife, and their two daughters in Siracusa, a city of about 100,000, situated on the eastern coast of Sicily. Besides participating in the daily home life of an Italian family, my AFS experiences included attending classes (all Italian) at the local scientific high school. This trip has been the beginning of new interests and many lifelong friendships. I regard it as an introduction to the many rewarding experiences, ideas, and friendships to be exchanged between different cultures. Such programs as the one offered by AFS are concrete examples of what young people can do to help promote international understanding and peace.

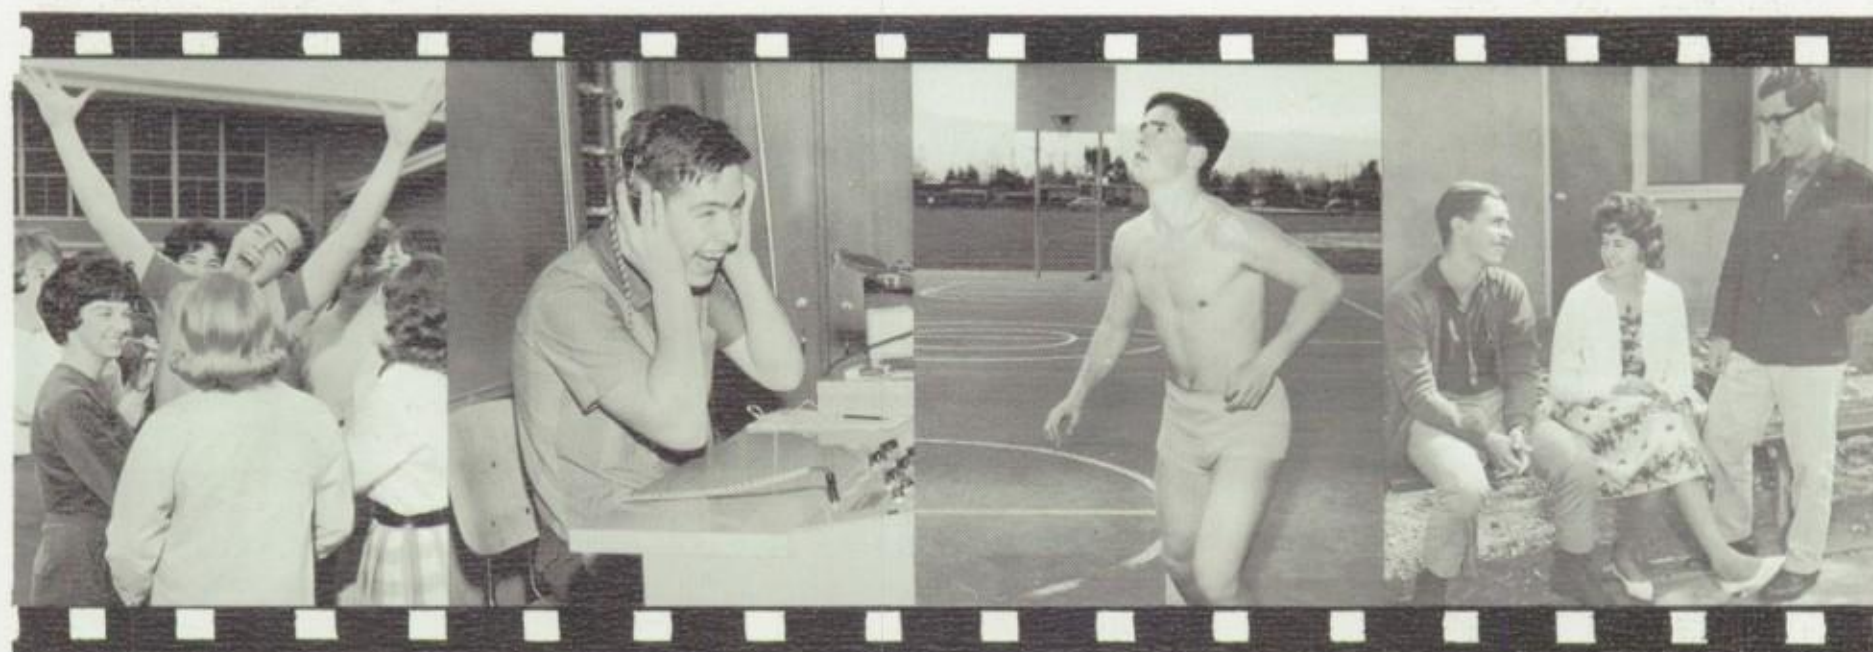

Linda Ike

Among many other things, A.F.S. exchange student Jorge Alvear, is a notorious twister . . . a mischievous chemist (he's making his specialty: CHILE con carne) . . . and a loyal and proud Cubberley sports fan . . . he will take back with him to Chile many stories about Cubberley's legendary apple-machine (no wonder exchange students are perpetually broke) . . .

When quiet Ann McClennan returns to her native New Zealand, she will be sure to tell her friends about Cubberley's wonderful cafeteria lunches . . . or of the many mornings she spent in the library (not reading, but talking) . . . or of those unbelievable volley ball games (not to mention the unbelievable girls' gym suits) . . . and Cubberley students will remember that one of New Zealand's chief exports is cello players (who sometimes hit a wrong note?) . . .

Alberto Mirat, from Spain, can always be found surrounded by girls . . . or laughing and talking up a storm (in English and in Spanish) . . . or playing a serious game of basketball . . . or enjoying the companionship of his many friends . . . Cubberley is proud to have played host, once again, to three unforgettable A.F.S.ers.

Golden C

All the girls who are members of the Golden C take pride in serving the school, the teachers, and the student body. 500 sport points is the minimum requirement for membership in this organization. Handling the concession stands for the home football games is just one of the many services of the organization.

Block C

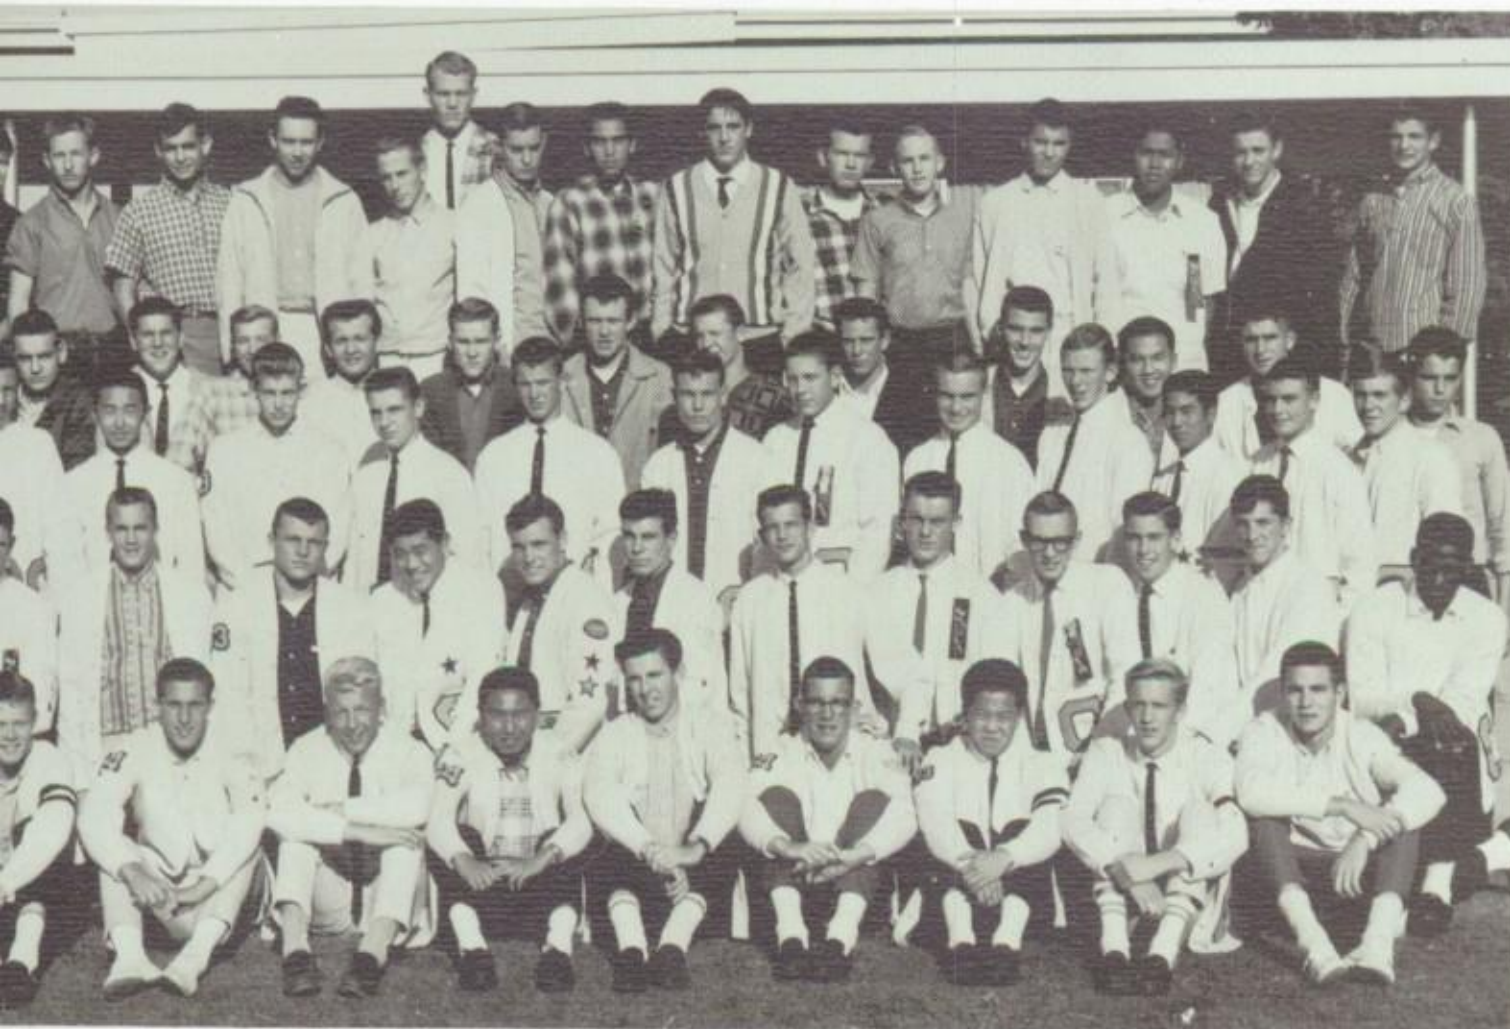

Because the purpose of the Block C is to gain recognition and support of athletics, the members must participate in the field of sports at Cubberley. To be a member of the Block C, it is necessary to have received the athletic award earned in a varsity sport or two athletic awards earned in a lower classified sport, plus a recommendation by the athletic board.

Pep Club

The athletic teams of Cubberley are always assured of enthusiastic spectators. The most dependable of these spectators are those in the Pep Club. The purpose of this organization is to further the students' support of teams both in school and in the stands. This year the Pep Club was aided greatly by the "RF'ers," a group of junior boys, whose enthusiastic school spirit added to the success of the cheering section at the games.

Several years ago, in addition to our regular newspaper, the *Catamount*, a student government newspaper was established. The purpose of the *Black and Gold* is to create a closer unity between the student body and its governmental body. The paper contains complete coverage of General Assembly meetings, both sides of legislative controversy, and a Reader's Forum in which students may express opinions of government and pros and cons of school election issues. Local, state, and national news concerning government which is of importance to the students will also occasionally be featured.

Hi - Times

The "Hi-Times" staff: Miss Georgiana Davidson, director, and Luellen Gold, student correspondent, keep the *Palo Alto Times* informed of Cubberley activities and special events. Interested students and teachers let the staff know of pertinent material for the column, which includes sports event coverage, activity reviews and personal interviews with students and teachers.

The Catamount Staff

The *Catamount*, Cubberley's campus newspaper, is written and planned by the advanced Journalism class held "G" block. A semi-monthly publication, it is printed off-campus at the National Press, which is responsible for the finished, professional appearance of the newspaper.

The paper serves two purposes: (1) thorough reporting of the news to reflect the image of Cubberley to the student body and the interested public; and (2) thorough

critiques and editorials to help to focus areas of general and personal concern for the entire school community.

In a word, the aim of the *Catamount* is to promote a spirit of unity while acting as a catalyst for improving both the quality of individual achievement and the productive atmosphere in which this achievement can most profitably take place.

Mr. John Turner advises Carolyn Lane.

Pasting, proofing, typing, conferring, composing copy . . . only part of the work of the newspaper staff.

The Totem Staff

For the first time in the *Totem's* history, Cubberley's yearbook was produced through class, rather than after-school, effort, under the supervision of Miss Sylvia Johnson. This provided for a more efficient, organized division of duty and responsibility.

Several new features have been added this year to improve the *Totem*. Forty-four pages have been added, including a twenty page supplement which will be distributed during the summer or at the beginning of the 1963-64 school year. The colored end pages in the '63

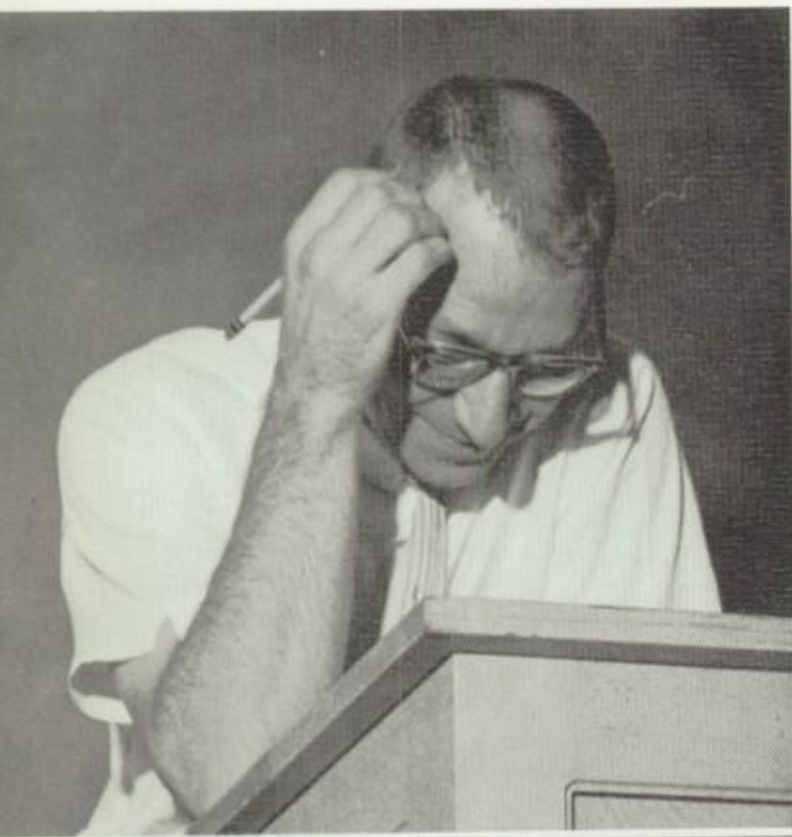

Totem are a feature new to the Cubberley yearbook. The staff has incorporated the theme, "The Past and Your Future" in the writeups and picture captions throughout the book.

Working on the *Totem* is a rewarding experience open to all interested students. Cropping photographs, rushing copy, and meeting deadlines are nerve-racking at times, but seeing and holding the finished product makes all the work worthwhile.

Varsity

F. Morse drives for yardage against Palo Alto.

Over all, the 1962 football season of Cubberley was a good one. The Cougars won their first seven games, setting a new school record, and scored impressive upset victories over powerful Sunnyvale and Carlmont. The season produced many individual stars and several strong candidates for ALL-SPAL, if not ALL-Coast honors. Yet, 1962 was also a disappointing year. The disappointment can be spelled out in two names, Sequoia and Palo Alto. The Cougars fell before both of these arch rivals in the final two games of the season.

Los Altos High School had never played Cubberley in football before Sept. 30, 1962, and the Knights had a rude shock upon their first encounter with the eager Cougars. Cubberley's offense, clicking in every quarter behind quarterback Tom Kmetovic, halfback Fred Morse, and

fullback Kerby Ruff, rolled up a comparatively easy 21-6 victory. Kmetovic tallied the first 15 points himself on two touchdowns and a 14-yard field goal. He and halfback Morse worked the option play to perfection several times in this contest. Ruff picked up the final six points in the fourth period. Ron Fihn and Joe Davis, perhaps the finest tandem of linebackers on the Peninsula, first showed their worth in this game by anchoring the defense with 13 and 11 tackles, respectively.

But even these outstanding figures were pale before what this magnificent two accomplished against the dangerous Sunnyvale Jets the next Friday. In the stunning 6-0 win Fihn and Davis paired for 37 tackles, 19 by Ron and 18 by Joe. In other words, they had a hand in 50 percent of all tackles!

Fihn, who played the game of his life, brought about the contest's only score by falling upon a Jet fumble in the end zone. He also intercepted a Sunnyvale pass in the waning minutes to stave off their final rally. For his work, he was named a Midpeninsula "Prep of the Week" and to both the CHRONICLE and EXAMINER "Teams of the Week." The two linebackers continued their standout work against Menlo-Atherton with 13 stops by Joe and 9 by Ron in the 7-0 victory.

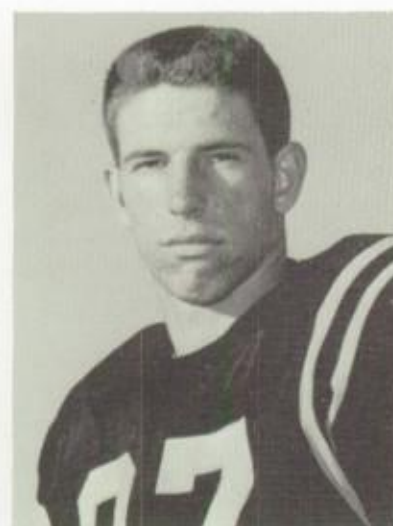

Fred Morse, virtually unstoppable in the second half, was the only bright spot in Cubberley's sagging offense, which had four passes intercepted and made three crucial fumbles to halt scoring drives. Fred rambled 16 yards around right end for the only tally in the fourth quarter and totaled 120 yards in 15 attempts.

Guard Bruce Milner set up Cubberley's TD with two fumble recoveries in the M-A game, but he really came into his own the next week, against the potent San Carlos Dons.

In this fumble-strewn affair won 12-0 by the Cougars over a very muddy field, Milner, a) recovered three more fumbles, one leading to the second score, b) nailed Don QB Marty Hall for six losses totaling 53 yards, c) Blocked a kick, and d) made 12 tackles. He won the identical honors which Fihn had earned in the Sunnyvale game for his efforts.

Playing against the previously unbeaten Carlmont Scots, Cubberley won a brilliant come-from-behind 34-20 victory with a great second half which marked the high point of the season.

The Scots established an early 13-7 halftime lead. Cubberley's lone TD came on halfback John Nakata's 16-yard sprint around left end.

But the second half was a different story. The Cougars, or rather Fred Morse, came back with four touchdowns. Two came on passes from Quarterback Kmetovic, who enjoyed by far his best passing game, hitting on seven of twelve passes for 170 yards.

Morse's other two scores came on a pair of brilliant runs, one for 10 yards and the other for 65 yards. His totals for the day, which firmly established him as the SPAL's leading ground gainer, included 162 yards in 16 carries rushing, and 88 yards on 3 pass receptions.

Davis and Fihn, as usual, led the Cubberley defense with strong aid from Milner and Bill Thompson.

In the next week's 15-6 win over the Woodside Wildcats, the Cougar backfield showed little of its fantastic form of the previous week, at least when Cubberley had the ball on offense. But, in punt returns, Fred Morse and Tom Everest proved otherwise. Each of them produced an electrifying 65-yard return to set up the Cougar's two six-pointers. Cubberley's other points came on a 25-yard field goal by Kmetovic.

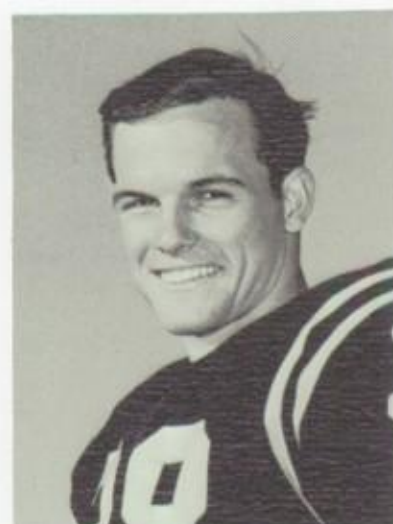

The Cougars methodically mauled Ravenswood with one touchdown each quarter in their 26-6 victory. John Nakata scored two of them. One came on a beautiful 28-yard toss from Kmetovic while the other was a 45-yard ramble down the right sideline after an interception.

Fihn, who had broken the school record for tackles in the Woodside game, had 13 tackles, and Cris Edginton contributed 8.

A pair of spectacular 83 and 85-yard runs by Kmetovic produced all of the Cougar's offense in the final two games against Sequola and Paly.

The Cubberley sophomore football team, coached by Clarence Merkley and Robert Bow, experienced a fairly successful season with a 3-4 record and a tie for third in the S.P.A.L.

The opening game of the season at Menlo-Atherton was completely Cubberley's game after the first quarter. Mike Sharpe, playing probably his best game of the season, made two important receptions from Rick Lambson. The first reception led to a touchdown, and the second catch set up the game-winning touchdown scored by Larry Guenther.

Sophomore

The next week at San Carlos, on a muddy field, Cubberley lost 25-14. The only bright spot in the game for Cubberley was a 42 yard touchdown pass from Lambson to Kirk Bondurant.

The following week Cubberley opened its home schedule, by losing a heartbreaker to Carlmont 12-6. A Carlmont touchdown in the last 43 seconds gave the Scots the victory. The lone Cubberley touchdown was scored by Bob Davis.

Cubberley traveled to Woodside the following week to tangle with the Wildcats. Woodside, the co-champions of the league with Sequoia, showed why by outlasting the Cougar Cubs 27-6. Bob Davis again scored the only Cubberly touchdown on a short plunge.

Back at home Cubberley played the last place Ravenswood Trojans and took an easy 27-6 victory. Four men took part in the Cubberley scoring. Touchdowns were scored by Mike Sharpe, Larry Guenther, Rich Lambson, and Steve Rutledge.

Randy Warfel falling on the ball in the Palo Alto game.
Cubberley beat Palo Alto 27-7.

Football

Cubberley next met the Sequoia Cherokees at Redwood City. Cubberley played the co-champs evenly, except for the first ten seconds. An eighty yard kick-off return in the first minute of play determined the 6-0 margin of victory.

Cubberley ended the home season against their cross-town rival Palo Alto and were decisively the better team, winning 27-7. Bob Davis led Cubberley with 150 yards gained, scoring two touchdowns and setting up a third. Other touchdowns were scored by Rick Lambson and Larry Guenther.

(Chris Beattie) and John Callahan received all league honors at the season's end. Beattie was placed as second string linebacker and Callahan received honorable mention.

Cross Country

This year's Cross Country team, coached by a newcomer to distance running, Mr. Norm Ringuette, had by far the most successful year in the history of the school. Records fell as championships were brought home. The old Stanford Course record of 10:32 set by Don Hoyt last year, was broken thirty-six times in six meets, by seven different runners. The team time of 50:25 broke the old school team record set last year by 4 minutes 25 seconds. The Junior Varsity, consisting of John Martin, Bill Guenther, Bill Fisher, Wayne Hawkinson, Roland Hart and Carl Coffey, had a good year and finished fifth in the SPAL. The sophomores, led by Pete Lockhart with a new school

record of 10:41, with Dick Svedman, Jim McRoberts, Ron Picciotto, Pete Wise and Jeff Rawlins, following in that order, took third in the SPAL to finish off a very good year. A week later, Lockhart and Svedman joined the Don-Don boys, Hoyt and McKinley, and the rest of the varsity team—David Furst, Jim Eshelman, Wayne Wilson, Chris Bickford and Bill Jacobs—in winning the SPAL championships. After training hard for another week, the Cougars placed fifth at NCS trials and came back the next week to take third place in the North Coast Section, defeating defending National Champions, Hillsdale, to win the San Mateo-Santa Clara Counties Championships.

Don Hoyt

Co-Captain Don Hoyt is the finest runner that Cubberley has ever produced. In his second year as Cubberley's number one runner, he broke the school 2-mile record four times and lowered it by 44 seconds to 9:48. He placed second in the SPAL and ninth in the NCS. He was later named to the All Northern California Cross Country Team.

Co-Captain Don McKinley, school mile record holder in his junior year, running his first year in Cross Country as a senior, was second man on the team with a two mile time of 10:00. He placed third in the SPAL and twenty-fourth in the NCS.

Don McKinley

Dave Furst

Junior Dave Furst, third man of the team and the runner with the best potential and the most experience, set a new junior record of 10:01 and placed fifth in the SPAL and twenty-third in the NCS. Next year, finally competing only with runners of his own age, Dave should set a new school record and do better than any runner in the history of the school.

Jim Eshelman, the most improved runner on the team, turned in a time of 10:11 and was the key to the SPAL and NCS victories because of his great improvement. Jim moved up from JV at the second meet of the season and finished up as fourth runner on the team.

Jim Eshelman

Wayne Wilson

Wayne Wilson, a junior, came down with a bad cold near the end of the season but still ran good races when it counted and was the vital fifth man at the SPAL and NCS finals.

Chris Bickford, coming out late, did not begin to run at his peak until the very end of the season, when he finally ran under 10:30.

Chris Bickford

Bill Jacobs

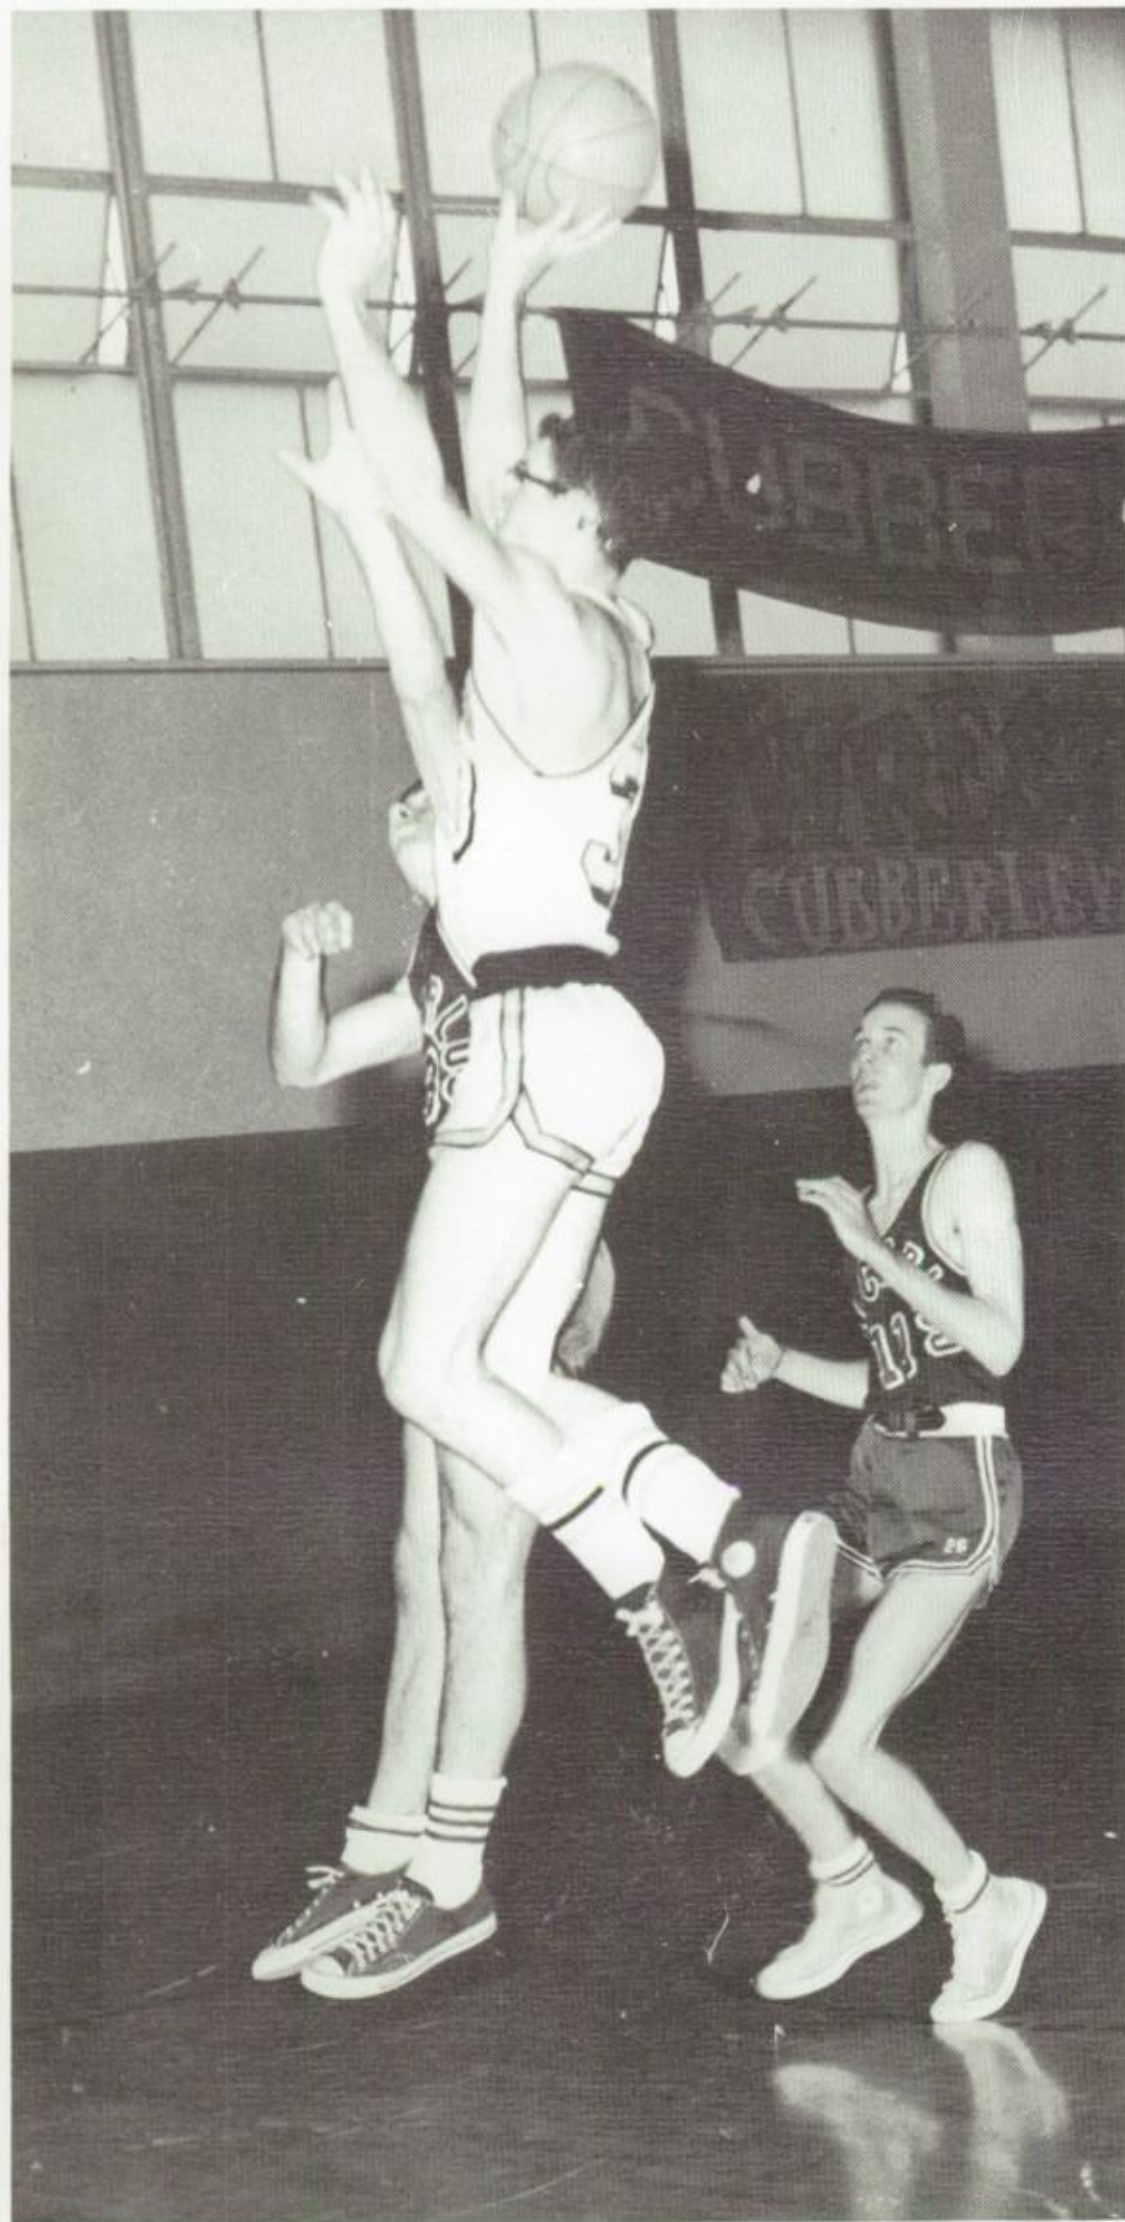

Bill Jacobs, the third junior on the team, also hitting his peak later, broke 10:30 in the NCS.

Pete Lockhart, the best sophomore, broke Furst's sophomore record and ran in several varsity races. His best time for the season was 10:41 and there is a distinct chance he will be better than Furst when he is a senior.

Pete Lockhart

Varsity Basketball

By most standards of previous years, the 1963 Cubberley varsity basketball season could not be called a success. Throughout most of the season, the Cougars appeared to be a slow, inexperienced team, rarely showing any outstanding team offensive or defensive skills despite the energetic efforts of coach Bud Presley. Yet this deficiency was not due to any lack of effort, for few Cubberley teams have worked harder, but rather to a simple inadequate amount of talent compared with some of the strongest South Peninsula Athletic League competition in recent years.

Unlike the 1961-1962 season, when seven of the first eight men on the team were seniors, the 1962-1963 varsity included only six graduating seniors. Since only one of the six, Bob Kunselman, had much varsity experience in the last two years, and the other five (Jan Hill, Bob Kentera, Nat Kimura, Bob Neill, and Rich Taylor) had a combined total of perhaps two games' experience, it is immediately apparent how green the Cougars were. In fact, it was not until the next-to-last game of the season, against Paly, that Cubberley shook off most of its weaknesses and played one full game at its potential.

According to the record, the Cougars were a mediocre team, no more, no less. They finished the three-month campaign with a 6-8 record in SPAL play (good for a sixth-place finish, behind Ravenswood, Sequoia, Palo Alto, Carmont, and Woodside) and a 10-11 record overall.

Junior guard Rick Kuhta was undoubtedly the brightest individual star in a drab season. Rick finished fifth in SPAL scoring with a 13.1 average, generally played calmly under pressure, and was the Cougar's finest defensive player. He was the only Cubberley player to receive mention on post-season all-league teams.

In pre-league play, coach Presley's habit of getting his teams in condition earlier than their opponents again proved effective, for the Cougars won four of seven contests and placed fourth in the Palo Alto High School Christmas Basketball Tournament.

Cubberley opened the season with an easy 39-29 victory over an inept Lowell team, and followed this with two other wide-margin victories over hapless Awalt and Sunnyvale, the eventual North Santa Clara Valley Athletic League champion. Kuhta, team captain Nate Kimura, and 6-6 center Jan Hill paced the Cougars in these early efforts.

Cubberley then lost three of its last four non-league contests, to St. Francis, Palo Alto, and Aragon. Of these losses, the night game at Cubberley against the well-coached St. Francis Lancers was by far the most exciting, for both the Palo Alto and Aragon games were routs in the final minutes. The St. Francis game, which the Lancers pulled out in the final minute, 35-31, was the most even game, in terms of talent on both teams, that the Cougars played all season.

Back Row: R. Gilles, J. Callahan, R. Taylor, S. Sone, B. Kentra, J. Hill, J. Sperry, H. Philyaw, J. Twohy, E. Demoss, B. Fien. Front Row: B. Kunselman, J. Wiser, B. Neill, N. Kimura, R. Kuhta, C. Neal, R. Taylor, T. Jenkins.

The Cougars opened the SPAL season with a thrilling 53-48 upset win over the Carlmont Scots, paced by Kuhta's 23 points and Hill's astounding 26 rebounds. Bob Neill's brilliant play in the final quarter also contributed greatly to the victory.

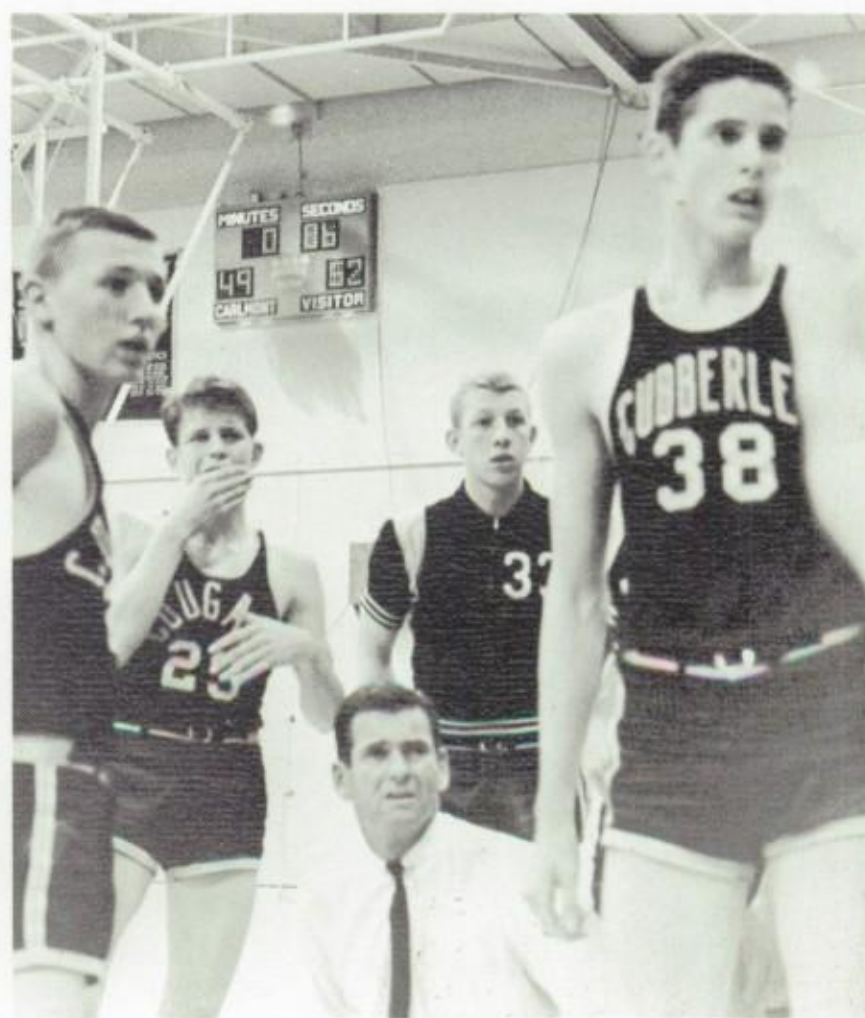

Junior forward Rod Gilles propelled Cubberley to their next two wins over Menlo-Atherton and San Carlos with clutch points in the final minute of both contests. Both then followed a series of five defeats, two of which were close and three which were not, to Sequoia and Carlmont, and to Woodside, Ravenswood, and Palo Alto.

In the second round of league play, the Cougars predictably downed M-A and San Carlos, were edged by Woodside in the last seconds, 33-32, were trounced by Ravenswood, 79-52, and then met Palo Alto in what was for Cubberley the most important game of the season.

Against the Vikes, Cubberley played its best game of the season. The Cougars led all the way in the tight 50-45 victory. Here Bob Kunselman played the finest game of his career, with 19 points, Kuhta added 15 more, and Gilles and Scott Sonne dominated the boards.

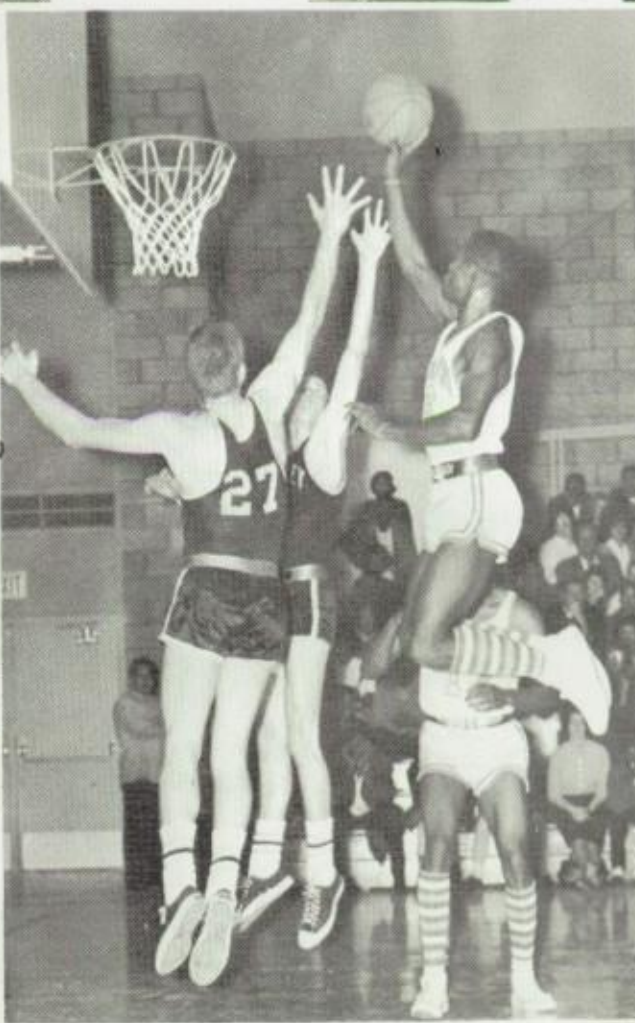

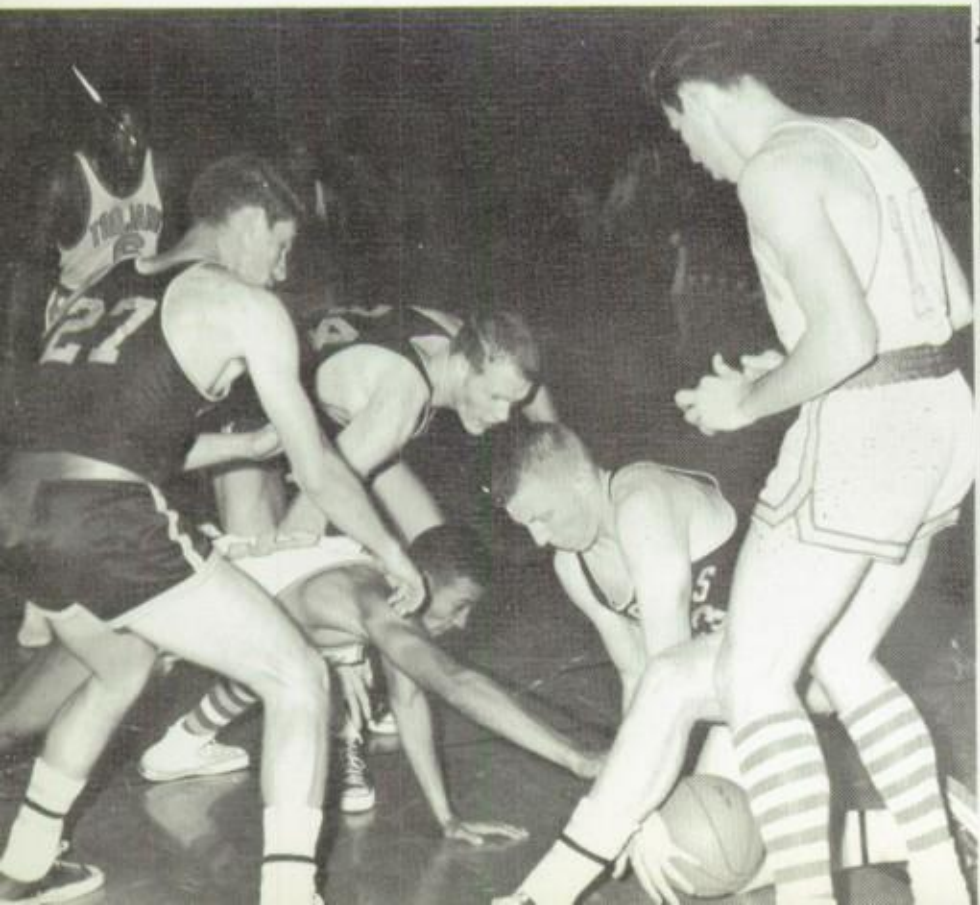

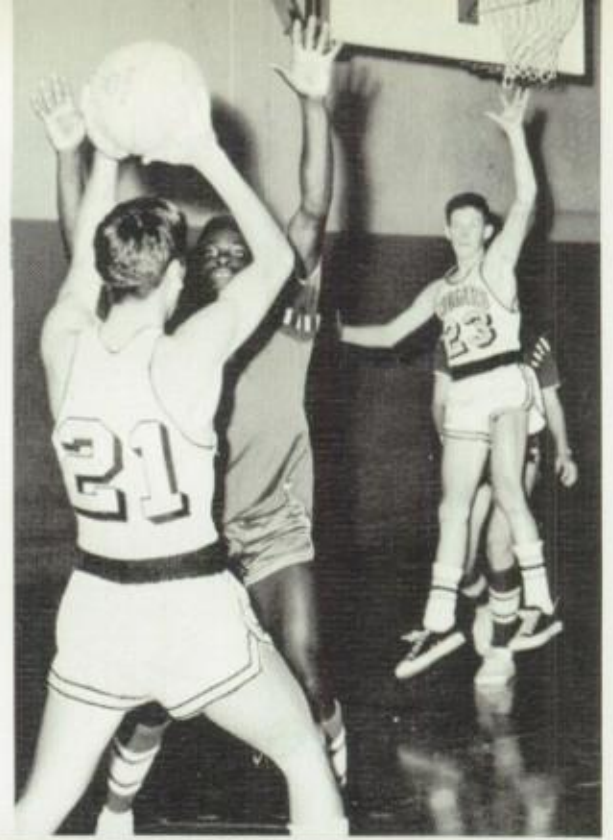

Unfortunately, the season ended on a dismal note as the Cougars were bombed by Sequoia, 68-53, in a game that saw Cubberley trailing by 31 points at one time.

As time runs out in the Carlmont game, both the coach and players look on with worried faces.

C & D Basketball

Cubberley's C basketball team got off to a fine start this year by winning three out of their first four games, losing only to the league champions, Palo Alto, by a respectable 38-36 score. However, they were unable to complete the season in the same manner, and ended with a four and three record. This was good enough to tie Ravenswood for fourth place. But the Cougars didn't make it to the annual C and D Tournament because a coin was flipped to decide the fourth place team and Cubberley lost the toss.

Bruce Fein led the C's attack by contributing 18 points per game on the average. Trailing Bruce was Doug Moody with a 13 point average. Coach Presley was quoted as saying, "We could have won the league with a steady fifth man." The four steady starters were: Ron Bruno, Bruce

Fein, Doug Moody and John Piccone. Three different men, Dave Bena, Gene Spencer and Bill Dinges, were rotated at the number five position.

The D's didn't have quite as impressive a season, because of the inexperience of the new sophomores. Their final record was two wins and five losses, which by no means reflected their spirit. In fact, if hustle alone could win ball games, the D's would have been undefeated. The team had some hard luck when their most promising player, Bob Young, broke his wrist. But center Roger Nelson and forward Dave (Hinkley) Vickland, combined to lead the team's scoring punch. Next year will prove much more prosperous as most of the boys will be returning with experience behind them.

B Basketball

On the night of March 1, 1963, between 8:05 and 8:19, the Cubberley B Basketball team put on one of the greatest exhibitions of high school basketball that could be asked by any coach. At precisely 8:18.22, with no time left in the game, George Todd topped off a 14 point comeback and a 25 point fourth quarter with a last second desperation set shot from 35 feet that swished through the net, giving the Cougars a 54-53 victory over Sequoia and the SPAL B Championship.

The fantastic 15 win 3 loss season began in San Francisco. A 46-42 victory over Lowell started off the greatest B basketball season in Cubberley history. John Woodmansee and Randy Laur led victorious Cubberley with 20 and 14 points respectively. Cubberley won its second pre-league game 47-35 over the St. Francis JV's. The Cougars scored 30 points in the final half to get the decision. George Todd was high scorer for Cubberley with 15 points.

The first big game of the young season was a 39-38 overtime victory against Sunnyvale. After leading at the end of the third period, Sunnyvale outscored the Cougars 10-4 and forced the game into overtime. Two points by

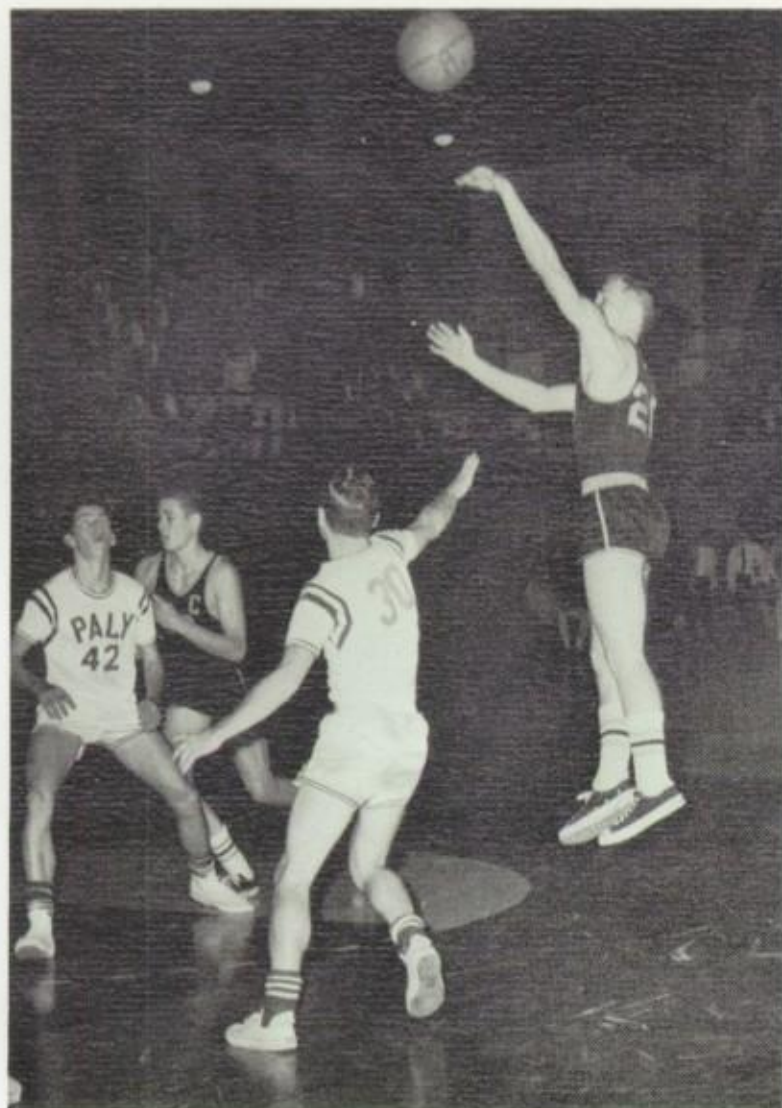

Laur and Woodmansee gave Cubberley the victory. Cubberley breezed past Awalt 36-22.

Opening the league season at Carlmont, the Cougars had no trouble with the Scots, winning 53-38. Randy Laur and George Todd led the scorers with 14 points each.

Trouble began at Woodside. Four last quarter free throws by Rick Lambson, plus George Todd's 10 points, helped the Cougars score a come-from-behind 48-43 victory. Todd was high scorer for Cubberley with 14 points. San Carlos also gave Cubberley trouble. Trailing at the end of the third quarter 29-24, Cubberley tallied 17 points to force the game into overtime. Woodmansee scored 5 points in the extra period and 17 in the game to give the Cougars a 48-45 victory.

Cubberley regained confidence with three victories over Menlo-Atherton 45-39, in which Woodmansee hit for 20 points, over Ravenswood, in which good rebounding and sharp shooting, especially by Jeff Sandborn, gave Cubberley a 51-36 win, and over Paly 31-21.

Cubberley suffered its first loss of the season in a home game against Sequoia. Twenty-three fouls contributed to the 52-40 loss. Woodmansee was high scorer with 16. In

the next game, Cubberley led all the way as Lambson, Sandborn, Laur, and Woodmansee combined for 54 of the 56 points made against Carlmont's 44. Woodside dealt Cubberley its second loss, 53-44, and San Carlos dealt the third, 44-32. In both games, Woodmansee was high scorer, with 18 and 15 points respectively.

Cubberley next beat Menlo-Atherton 36-24, scoring 28 points in the first half, and playing a stalling offense in the second half. Laur made 12 points for the B's. The following Friday night, Cubberley defeated the Ravenswood Trobables 57-38. Lambson and Woodmansee built up a comfortable half-time lead, which they maintained to the end of the game.

Cubberley, with Woodmansee and Lambson scoring 12 points apiece, defeated Paly with little effort, 42-29, and finished the season at Sequoia, where, after the final buzzer sounded, both George Todd and Cougar Coach Ron Skillicorn were carried off the court upon the shoulders of happy Cougars and Cubberley fans. It was Skillicorn's first championship team and the first basketball championship for Cubberley.

Varsity Wrestling

When one reviews the 1962-63 wrestling season just completed, there must be a satisfied feeling on the part of the Cubberley Cougars. They have just finished the dual meet season with a 6-3 record. Two losses were by a total of only two points. The third was by six points, and that was to undefeated Palo Alto.

One is filled with optimism over this season because

of the great improvement of the team competing in tournaments. For example, on January 5, Cubberley finished fifth in the SPAL Invitational at Ravenswood. On February 9, just five weeks later, the Cougars tied for the team trophy in the SPAL Championship Finals. This improvement should be credited to the fine junior varsity, and to the desire and hard work of the varsity members.

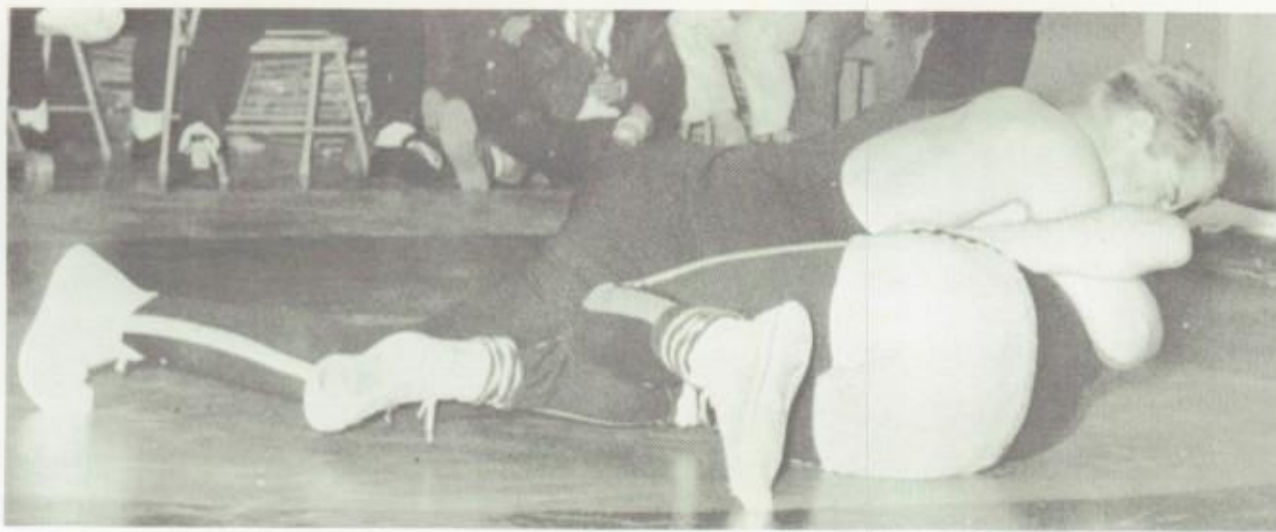

Doug Ogasawara goes to work on Palo Alto!

Steady performers for the Cougars were Greg Taylor and Greg Smith, who were undefeated in the SPAL dual-meet competition, and Doug Ogasawara and Marshall Biggs, who finished with 5-2 and 6-1 records, respectively. Greg Taylor gained additional honors when he won the 103-pound division championship in the SPAL this season.

The winning of the SPAL Championship Final Tournament was the first time that Cubberley captured the team trophy.

Saturday, February 16, Cubberley entered four wrestlers in the North Coast Section Tournament held this year in Salinas. They are Greg Taylor, 103; Doug Ogasawara, 120; Greg Smith, 127; and Lee Rhoades, 191.

With the return of an excellent crop of junior and sophomore wrestlers of this year's team, the outlook for next season is very promising. (The results of the Salinas Tournament will be in the Supplement.)

Marshall Biggs gives it all he's got against Menlo-Atherton, and finally wins. Marshall had a fine record of six wins and one loss.

In the match with Menlo-Atherton, Mike Coffron gets plenty of help from the score keeper, the coach, and even the referee. Mike was one of our finest wrestlers and will be back again next year to help the team.

1962 Varsity Baseball

We believe that the 1962 Varsity Baseball team did not receive enough recognition, so here is a brief summary of last spring's baseball season.

Last year's Varsity Baseball team had its finest season ever. They were SPAL Champions with a record of fourteen wins and two losses.

Ray Gale, Bill Pletsch, Wayne Miller and Henry Newman all made SPAL. Jack Peters made second string SPAL. Bill Pletsch led the team in batting with a .405 average; Ray Gale also had a fine average with .385.

The first string players and positions were, pitchers, Wayne Miller, Henry New; catcher, Norm Bjork; first base, Bill Pletsch; second base, Bob Edrington; third base, Bob Kunselman; shortstop, Ray Gale; left fielder, Jack Peters; center field, Tim Morin; right field, Ron Fihn. Substitute players were Stan Bowen, first base and center field; Bob Neal, right field; Billy Hart, catcher and left field; Duane Cagley, pitcher; Ken Cryan, second base and shortstop; Mc Goldrick, first base.

Back Row: K. Steinbach, D. Reuter, L. Brothers, G. Doty, G. Lazear, P. Barlet. Front Row: J. Addicott, B. Ney, N. Norberg, S. Poinsett, J. Levine.

The Sports Board is composed of the sports managers and appointed sophomore representatives. It is sponsored by Mrs. Dahms and is under the leadership of Lynda Brothers. The Sports Board's main duties are to organize and co-ordinate the after-school sports program and to plan special sports days and awards banquets. The activities planned by the Sports Board include tennis, volleyball, swimming, basketball, badminton, hockey, softball, modern dance, and some special activities, including attending and sponsoring a sports day.

Fall Sports Night

A new idea in sports nights was originated this year at Cubberley. In past years, the fall sports night was for Cubberley girls and their fathers, but this year the girls came with their mothers instead, because the Sports Board felt that the mothers had been left out of girls' sports activities. We hope since this year's fall sports night was such a success, that it will become a tradition at Cubberley.

Diane Reuter and Lynda Brothers present exchange student, Ann McClennan, with a Golden C sweater at the Fall Sports Night.

One of the active and popular sports in this year's after-school sports program was tennis. Manager Karen Steinbach planned a ladder tournament enabling girls to participate in competitive tennis as well as to get some very valuable practice.

Swimming

This year for the first time a competitive girls' swimming team was formed to replace the casual after-school swimming of last year. All girls who went out for swimming were taught racing dives, turns, and other important maneuvers in racing. The team manager, Pam Barlet, scheduled swim meets with Awalt and Fremont. The team made a very good showing

in the two meets that were held, tying one and losing the other by a small margin.

Most of the girls in the '62 swimming team will return next year to form the nucleus of what should be an outstanding team in '63. It is hoped that many new swimmers will join the team and that the girls will have an opportunity to practice more often.

Mrs. Hansen instructs the team in the proper form of the racing dive, as Lani Dueker demonstrates.

Hockey

Hockey is a game played on a large field with eleven players on each of the two opposing teams. After-school hockey this year was attended by about twenty-five girls. Manager Bobbie Ney planned the games so that all the girls were given a chance to play or referee.

Volleyball

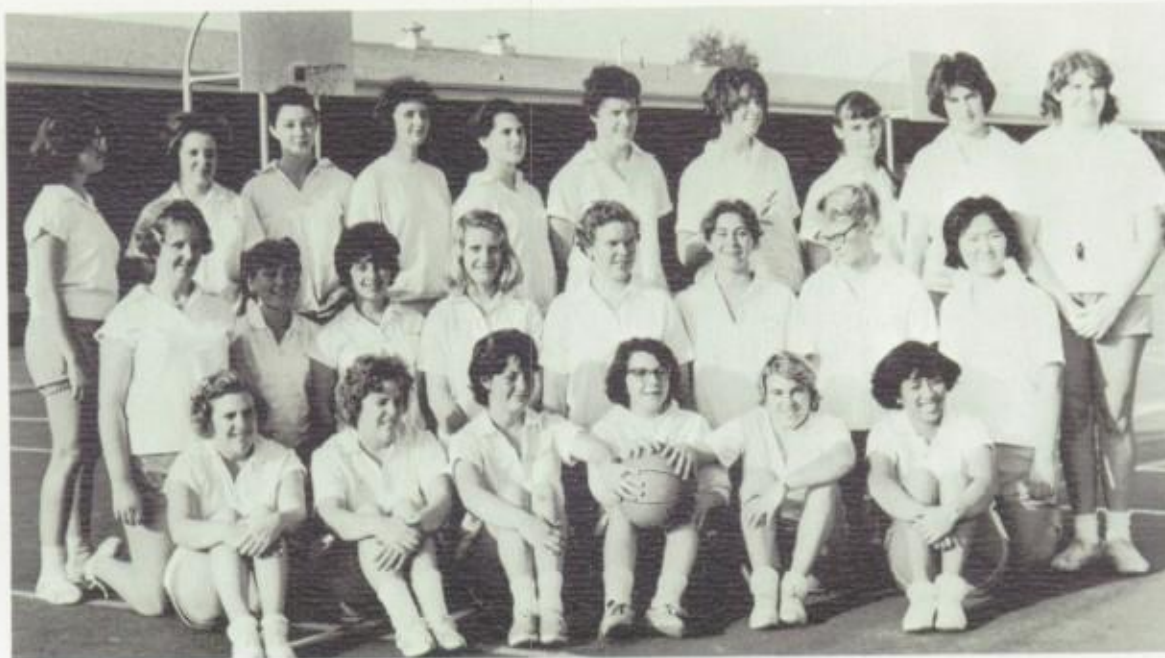

Volleyball is a sport requiring much team work as well as individual skills. It is an active sport and is a favorite of most girls in the after-school program. This year, manager Judy Addicott planned a tournament, having the teams play four games at each meeting of this sport. Everyone was given a chance to play but were asked to officiate one day, so that no one had to officiate more than once or twice.

Basketball

In after-school basketball this year, five teams were formed from the girls attending, and a tournament was held. Nancy Norberg, the manager of basketball, planned the tournament so that the teams would play three games at each meeting. The girls not only played many games, but when not playing they were given a chance either to practice or to officiate.

Basketball Team

This year, as in the past three, Cubberley has had a girls' basketball team. Last year the team was undefeated in all their games and this year, with only two players not returning, the team did very well. They won their first game against Paly, and then went on to beat Fremont, Holy Cross, and Paly again. Although next year two of the team's leading scorers will not be returning, there are hopes that some of the newer players will make up for this loss.

Modern Dance

Back Row: Mrs. Erikson, M. King, C. Durran, S. Curtis, C. Abramson, J. Dugan, M. Nyaard, S. Wooding, K. Lie, C. Locke, M. Moshofsky. Front Row: R. Derge, D. Dele-
mos, M. McDowell, S. Davis, D. Smith, P. Ruttenberg, J. Edelson, L. Small, K. Smith.

The objective of the after-school modern dance this year was to create a sincere appreciation for modern dance and to teach the fundamental body movements and dance techniques. The girls were taught to utilize such essential factors as space, force, and time in their dances. Although no public performance was given, the girls were given the opportunity to create their own dances with guidance from manager Marsha Nygaard and Mrs. Erikson.

Well, they sounded good.

Now what, coach?

Smile! You're on Candid Camera.

Will the real Mrs. Dahms please stand up.

I just came to eat.

 TO EXPOSE GUM RE-

Fred,
although
your kinda
shy, your also
real sweet. Hope
you have a hell
daring the summer.
see ya next
year.

(P.S.)

Love ya,
Karen
Good luck
always.

Fred,
All kidding aside,
you a good kid Fred,
cut the smoking & you
will be a good athlete
as well - have fun this
summer

Good Luck
Chris
